Warranty

Quest Technologies, a 3M company warrants our instruments to be free from defects in material and workmanship for one year under normal conditions of use and service. (Noise Indicator excluded, see NI-100 User Instructions for warranty information.) For USA customers, we will replace or repair (our option) defective instruments at no charge, excluding batteries, abuse, misuse, alterations, physical damage or instruments previously repaired by other than Quest Technologies. Sensors and microphones may have different warranty periods. All Noise Dosimeter Microphones are warranted for two years. This warranty states our total obligation in place of any other warranties expressed or implied. Our warranty does not include liability or obligation directly resulting from any defective instrument or product or any associated damages, injuries or property loss, including loss of use or measurement data.

For warranty outside the USA, a minimum of one year warranty applies subject to the same limitations and exceptions as above with service provided or arranged through the authorized Quest sales agent and our Quest European Service Laboratory. Foreign purchasers should contact the local Quest authorized sales agent for details.

Definition of Terms

Standard Accessories for 3M™ QUESTemp°™ Portable Monitors

includes (1) disposable 9V alkaline battery, (1) water bottle, (1) wick , (1) verification module & plastic shipping case. QT-34, QT-36, QT-44, QT-46 and QT-48N s also include (1) serial computer interface cable. QT-44, QT-46 & QT-48N s do not include (1) water bottle and (1) wick .

(1) Sensor Bar Assembly (QT-32, QT-34 and QT-36)

includes (1) sensor bar containing a Wet Bulb, Dry Bulb, Globe Temperature & Humidity (%RH) sensors.

(1) Sensor Bar Assembly with Calculated Waterless Wet Bulb using Humidity Sensor (QT-44 and QT-46)

includes (1) sensor bar containing a Calculated Waterless Wet Bulb, Dry Bulb, Globe Temperature & Humidity (%RH) sensors.

(1) Sensor Bar Assembly with Calculated Waterless Wet Bulb using Replaceable RH Sensor (QT-48N)

includes (1) sensor bar containing a Calculated Waterless Wet Bulb, Dry Bulb, Globe Temperature & Humidity (%RH) sensors.

(3) Sensor Bar Assembly (QT-32, QT-34 and QT-36)

includes (3) sensor bars, (1) tripod with brackets & rods, and (2) 6 ft. extension cables for mounting sensor bars & monitor for head, torso & ankle measurements.

(3) Sensor Bar Assembly with Calculated Waterless Wet Bulb using Humidity Sensor (QT-44 and QT-46)

includes (3) sensor bars, (1) tripod with brackets & rods, and (2) 6 ft. extension cables for mounting sensor bars & monitor for head, torso & ankle measurements.

2" Globe Sensor(s)

Each sensor bar contains a globe sensor 2" in diameter.

6" Globe Sensor(s)

Each sensor bar contains a globe sensor 6" in diameter per ISO standard.
