

3M Glass Ionomer Solutions

Which is best for your practice?

The unique properties of 3M glass ionomers can fit a wide range of patient situations where simplicity, speed, fluoride release and radiopacity are especially important.

Ketac™ Universal Aplicap™ Glass Ionomer Restorative, our latest addition to the 3M family of glass ionomer restoratives, is fast, strong and simple.

To try it for yourself ... ask your 3M representative for a sample and demonstration.

Ketac™ Universal Aplicap™ Glass Ionomer Restorative

- No need for conditioner or coating
- Bulk fill—no need for layering
- Enables fast, one-step, stress-bearing restorative solutions
- Extended indications for use compared to other glass ionomer materials
- Low stickiness allows an easy placement
- Self adhesive
- Available in 6 shades

RotoMix™ Capsule Mixing Unit, Aplicap™ Activator, Aplicap™ Applier

Ketac™ Nano Light-Curing Glass Ionomer Restorative

- The esthetic 3M glass ionomer restorative
- Nano technology inspired by Filtek™ Supreme Ultra Universal Restorative
- Low wear and high initial polish in comparison with other glass ionomer restoratives
- Significantly higher gloss reflectance after polishing
- Faster, easier dispensing with the innovative Quick Mix Capsule or Clicker™ Dispenser
- Available in 6 shades

Elipar™ DeepCure-S LED Curing Light, Aplicap™ Applier
