

Powerful. Flexible. Indispensable.

3M™ Clean-Trace™ Hygiene Monitoring Software

Don't waste time searching for reports. Featuring a redesigned dashboard for a quick and easy way to collect, store and retrieve test results for reports, Clean-Trace hygiene monitoring software turns data into information, helping you identify root causes and take action quickly. Now even easier to use and more intuitive with convenient wireless and networking capabilities. Put your data to work identifying workplace trends, optimising productivity and adding value to the process.

Make data work for you.

3M™ Clean-Trace™ Hygiene Monitoring Software

Optimise productivity

- ▶ Redesigned dashboard consolidates information
- ▶ Common Tasks — 1-click access to key features
- ▶ User-friendly interface helps reduce training time
- ▶ Wireless capabilities with Bluetooth® technology
- ▶ Easily randomise test points in sample plans

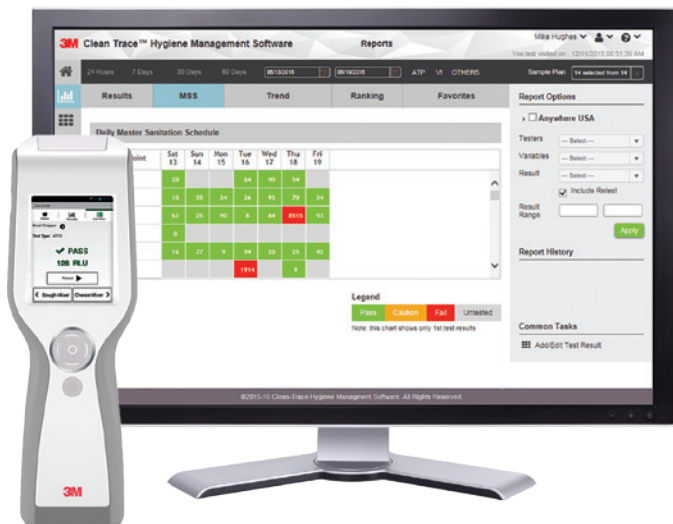

Make critical decisions faster

- ▶ Watch Lists — 1-click access to key features
- ▶ Simplified data displays help you make more educated decisions
- ▶ Confidently identify trouble spots to improve cleaning and reduce downtime for faster production start-up
- ▶ Be proactive and prevent small problems before they become big ones

Get precise data for peace of mind

- ▶ Quickly pinpoint where a cleaning problem occurred and address it
- ▶ Monitor where problems could occur to take preventative action
- ▶ Stay organised with audit-ready reports
- ▶ Easily schedule standard or customised reports
