

3M Safety Roadshow

Creating a Safer Canada

About the Safety Roadshow

The Safety Roadshow is a 48-foot, fully equipped, mobile training centre to showcase 3M's industrial safety expertise and Personal Protective Equipment. The Safety Roadshow will appear at numerous locations over the year to provide in-person safety training, education and demonstrations. Supported by 3M's highly credentialed application development professionals and a local sales representative, the Safety Roadshow will partner with industrial facilities across Canada to drive safety and build confidence.

The Safety Roadshow trailer offers scheduled, on-site customer or distributor events that can seat approximately 25 individuals at a time in the mobile classroom. A menu of one-hour presentations and 30-minute demonstrations on a variety of topics are available.

Example Visit

- Typical Schedule:
 - 15-minute introduction, 45-minute to 1 hour seminar with Q & A, 30-minute demonstration
 - Approximately 2 hours of interactive instruction for each attendee
- Ideal for groups of 75-200 attendees rotating through the above schedule in small groups
- Certificate of Completion for attendees (optional)
