Check out and departure

Requirements: Everybody should bring his/her camera or at least smart phone and a cable to upload to the laptop.

Try to bring as much as possible their own equipment, and prepare to make pictures and integrate them into PPT and Keynote.

For the lecture kindly ask your KOL to bring their best lecture, and reduce it to 10 minutes maximum. After the second day training they will want to adjust it before presenting. The group will evaluate based on the criteria provided during the training, and time management is a part of the evaluation.

Course Instructors:

Paulo Monteiro is a university teacher and private dentist who has done many clinical lectures world-wide. He is known for his enthusiasm and professionalism and his passion for makes excellent photo's. Next to clinical lectures he does many photography workshops.

Al Waning is a qualified teacher and presentation skills coach. He has done many lectures in clinical dentistry for general practitioners and universities, and enjoys sharing the knowledge about presenting. His other passion is flight instruction and flying helicopters.
