PRODUCT RETROFIT NOTICE

3M™ DBI-SALA ADJUSTABLE BARREL MOUNT DAVIT SLEEVE (OSHA& CE)

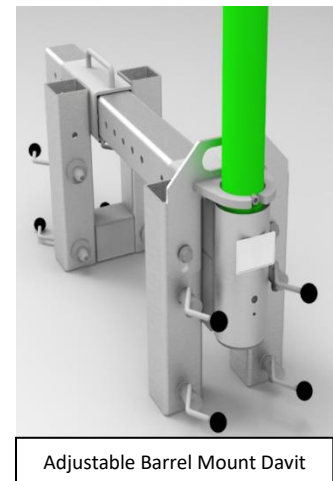

The 3M™ DBI-SALA Adjustable Barrel Mount Sleeve is a portable, tool-free base, designed for manhole and confined space entry/retrieval applications.

3M Fall Protection has determined that the barrel mounts do not fully meet all load claims in all adjustment positions as represented in the “Instruction for Use” (IFU) manual and on product labels. There have been no reported accidents or injuries associated with this issue. This issue only affects the following part/model numbers identified on the product labels of the units: 8512285, 8562285, 8510715, and 8516088.

Note: This is not a product recall.

To address the issue, 3M Fall Protection has developed a design modification to one component of the barrel mount. This modification will restrict the adjustment of the davit arm to the perpendicular position when used for Fall Arrest purposes. For Rescue purposes, the full adjustment range of up to 180 degrees is not affected. In addition, the design modification has reduced the rated capacity (working load) of the barrel mount to a 310 lbs user. The modification is incorporated in all systems manufactured after November 10, 2017 and will be available as a retrofit at no cost to all end users who purchased their systems prior to November 10, 2017.

End-users: If you have an affected unit, please contact Customer Service at 800-387-7484 (prompt #5908) or email 3MCAFPServiceAction@mmm.com to receive your Retrofit Kit free of charge. Retrofit Kit P/N 8547945. If you provide us with your contact information, shipping address, and part/model details of the product you have, we will send you the Retrofit Kit free of charge. When you receive the Retrofit, please locate the updated IFU, which can be found at <http://capitalsafety.webdamdb.com/viewphoto.php?&albumId=562594&imageId=15807097>

Distributors: If you have any affected 3M™ DBI-SALA Adjustable Barrel Mount Davit Sleeves in stock that were manufactured prior to November 10, 2017, contact our Customer Service department at 800-387-7484 (ext. 5908) or email 3MCAFPServiceAction@mmm.com to obtain your Retrofit Kit. Please forward this Retrofit Notice to any of your customers who have purchased affected product from you and provide any assistance requested by your customers to complete the retrofit process. If you have not received our sales history of barrel mounts sold to you, please email or call us at 800-387-7484 (ext. 5908) or email 3MCAFPServiceAction@mmm.com.
