3M Health Care – Delivering Value for the Advancement of Health Practices and Outcomes

For more than a century, people worldwide have looked to 3M for new products and ideas that solve everyday problems and make their lives easier and better. For decades, hospitals, clinics, dental offices and laboratories have trusted 3M as a dedicated partner supplying essential products designed to meet the unique needs of health professionals, thereby contributing to the advancement of better health practices, outcomes and quality of care.

Key points in Our History

- 1948: 3M provides tapes for the medical market and pioneers sterile surgical drapes based on the company’s innovative adhesives and films technology.
- 1950: Autoclave tape marks 3M’s first entry into sterilization assurance business.
- 1956: 3M creates the first metered-dose inhaler.
- 1964: 3M strength in materials science allows entry to the dental care market and launch of Addent™ Anterior Restorative, the first tooth-colored filling material.
- 1967: Littmann® stethoscopes become part of the 3M family through an acquisition.
- 1970: 3M acquires Riker Laboratories, a global prescription pharmaceutical R&D business
- 1980: 3M launches Scotchcast brand casting tape, the first water-activated synthetic casting tape.
- 1984: 3M introduces Petrifilm™ Plates sample ready microbial testing for the food & beverage industry.
- 1988: 3M DuralPrep™ surgical solution helps maintain a sterile surface throughout surgery.
- 1995: 3M introduces the first CFC-free metered-dose inhaler, for asthma treatment.
- 1997: 3M Dental Products wins a Malcolm Baldrige National Quality Award.
- 2001: 3M acquires ESPE AG, creating 3M ESPE, one of the global leading providers of dental products.
- 2006: 3M divests its branded pharmaceuticals division to focus on its other health care businesses.
- 2007: 3M launches Protemp™ Crown, the world’s first pre-formed, malleable temporary crown.
- 2008: 3M introduces Tegaderm™ CHG dressing for IV sites, designed to help prevent bloodstream infections.
- 2008: 3M offers dose-counting metered-dose inhalers for asthma and dry-powder inhalation technology.

Recent 3M Acquisitions

- SoftMed expands 3M Health Information Systems offerings in records management software.
- Biotrace International complement the widely used 3M Petrifilm™ Plate product line for food safety.
