

Rinse Free Floor Stripper

Technical Data

May 2004

Description:

3M Rinse Free Floor Stripper is designed to remove floor finishes and sealers from hard floors quickly and completely without rinsing or neutralizing. It attaches heavily built up finish, including finish hardened by frequent burnishing

Special Features:

- No rinsing or neutralizing required, saves labor and eliminates lengthy floor downtime.
- Aggressively removes finishes and sealers; including finishes hardened by frequent burnishing, excess finish build-up and tough metal interlock finishes.
- Non-ammoniated formula
- Provides fast, thorough and uniform results/
- Low foaming formula.

Applications:

- Use to remove all water-based floor finishes and sealers; prior to the application of floor finish or sealer.
- Not for use on wooden floors.

Packaging:

2 – 2.5 gallon bottles per case
55 gallon steel drum

Note: Protect from freezing.

General Use Directions:

Dilution of Concentrate:

Mix 1 part concentrate with 4 parts water (32 ounces per gallon of water)

Use Instructions:

1. Sweep or dust mop the floor.
2. Liberally apply solution to the floor with a mop, leaving the floor uniformly wet.
Note: Wet floor may be slippery.
3. Allow solution to soak in for five minutes. Do not let solution dry.
4. Use a floor machine and an appropriate 3M stripping pad to thoroughly strip the floor.
Note: To remove build-up especially along baseboards, apply 3M Trouble Shooter™ Cleaner and scrub using a 3M Doodlebug™ Holder fitted with a 3M Doodlebug Pad.
5. After agitation, immediately pick up all dissolved finish, soil and stripper with a clean mop or wet vacuum.
6. Pick up any remaining residue by detail mopping.
7. Let the floor dry completely before applying finish.
8. Dust mop the floor with 3M Doodleduster cloth to pick up fine lint and hair left behind in the mopping.

Note: This product can be scrubbed and picked up using an automatic scrubber equipped with an appropriate 3M stripping pad. Allow the solution to soak on the floor five minutes before agitation and pick up.

Product Specifications: (Typical Values)

1. Contains biodegradable detergents, solvents and other cleaning additives.
2. pH: 11.9 in concentrate
3. Flash Point: None
4. Appearance: Clean, pale yellow homogeneous liquid in concentrate form
5. Functional in hard water
6. Low foaming
7. Pleasant Scent: Non-ammoniated formula
8. Complete solubility in water
9. Specific Gravity: 1.01 typical

Precautionary Summary:

Warning: Liquid irritating to eyes and skin. Vapors may be irritating to the respiratory system.

Precautions: Use in areas adequately ventilated to remove vapors and prevent vapor build-up. Avoid eye contact and prolonged skin contact. Avoid breathing vapors. Keep container closed when not in use. **Keep out of reach of children.**

Suggested First Aid:

Eye Contact: Immediately flush eyes with plenty of water for at least 10 minutes. If irritation persists, call a physician.
Skin Contact: Rinse thoroughly with water after contact
Inhalation: Provide fresh air
Ingestion: Do not induce vomiting. Drink two glasses of water and call a physician.

Note:
Refer to product Material Safety Data Sheet for specific health hazard, first aid and precautionary information
