

Ultrathon™ Insect Repellent for Comfort and Safety on the Job

MRO
Essentials

Hard working protection for a full shift of outdoor maintenance and repair

Ultrathon™ Insect Repellent was originally tested and proven in the bug-infested heat of the Central American jungles. The patented 3M Controlled Release Technology was developed to give the US Military long-lasting, hard-working protection in situations more challenging than encountered in typical outdoor maintenance and repair operations.

That's why Ultrathon™ Repellent is a MRO Essential for workers who want reliable comfort and safety when work puts them within reach of biting bugs.

Comfort and safety

- Repels mosquitoes that may carry West Nile Virus

- Repels ticks that may carry bacteria that cause such diseases as Rocky Mountain spotted fever, Lyme Disease, and ehrlichiosis
- Repels biting flies, chiggers, gnats, and more that make a hard job even harder with discomfort

Long-lasting barrier

- Controlled release formulation is slow to evaporate and continues working long after other repellents have dissipated: Up to 8 hours of protection with spray, and up to 12 hours with rub-on lotion
- Keeps working even when heat and humidity beads up the perspiration

- Resists rain and water splashes when the job has to get done no matter what the weather

User-friendly

- Mellow outdoor scent
- Choice of 6-oz. aerosol or 2-oz. squeeze tube to fit in any tool box
- Convenient spray-through cap sprays upside down for total coverage, including hard-to-reach spots

Rated #1 for effective repellancy by a leading consumer magazine

Product Use: All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M’s control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user’s knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user’s method of application.

Warranty and Limited Remedy: Unless stated otherwise in 3M’s product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meet the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. **3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE.** User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user’s application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M’s and seller’s sole obligation will be, at 3M’s option, to replace the product or refund the purchase price.

Limitation of Liability: Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.
