## Rear Projection Display Screens

Visual **impact** from every angle.

*For stunning images that make your presentations brilliantly sharp and clear:*

- High resolution and extreme contrast
- Brighter than conventional front or rear projection screens
- Excellent viewing even in brightly lit conditions
- Slim black finish blends well in any location

*XRVS rear projection screens will help you to:*

- Give sales and marketing messages extra impact
- Create additional interest and excitement
- Convey complex information more clearly
- Allow images to be shown both by day and night

#### Important Notice to Purchaser

3M makes no additional warranties, express or implied, including but not limited to any implied warranties of merchantability or fitness for a particular purpose. In particular, but without limitation, 3M makes no representations or warranties concerning the effective life of the products or their ability to survive user's environmental testing.

**Purchaser is responsible** for determining whether the 3M products are fit for the purchaser's particular purpose and suitable for the purchaser's method of production. 3M shall not be liable in any action against 3M in any way related to the products for any loss or damage, whether non-specified direct, indirect, special, incidental or consequential (including downtime, loss or profits or goodwill) regardless of the legal theory asserted.

The remedies set forth herein are exclusive.
