

3M™ Know Your Air Software for the Multi-Gas Detector 950 Series - Introduction

Welcome and thank you for choosing the 3M™ Know Your Air Software.

The 3M™ Know Your Air software package operates in conjunction with the 3M™ Multi-Gas Detector 950 Series. Please consult the 3M 950 Series detector *User Instructions* for proper operation and use of this instrument. The software provides access to the data logging records as obtained by the 950 Series detector and allows for modifications of the user configurable options of this highly flexible instrument.

Additional detailed information can be found in your User Instructions packaged with the product or by calling the 3M Technical Service Hotline at 1-800-243-4630.
