**New Product Announcement**  
**3M™ Filter Adapter 603**

Dear Valued Customer,

3M Occupational Health and Environmental Safety Division (OH&ESD) is pleased to announce the introduction our new 3M™ Filter Adapter 603. This product release is designed for use with 3M™ Particulate Filter 5N11 or 3M™ Particulate Filter 5P71 and 3M™ Filter Retainer 501. The filter adapter 603 enables filters to be directly attached to all 3M™ Full or Half Facepiece 6000 and 7000 Series Respirators.

There are many benefits to incorporating the filter adapter 603:

- The filter adapter 603 may be used multiple times on all 3M full or half facepiece 6000 and 7000 series respirators.
- Provides cost-effective filtering solution when multiple filters are needed for elastomeric facepieces.
  - Break even analysis shows savings when used multiple times (based on suggested list per pair and similar replacement frequency)
    - 5N11 filters x 7 = \$25.72 (integrating the 603 and 501 adapters)
    - 2071 disc filter x 7 = \$26.18

*You save using the 603, 501, 5N11 when you use more than 7 pairs of the 5N11*

**Pricing and Packaging Information**

Part No.	Stock ID / UPC	Case Packaging	Suggested List Price Each	Suggested List Price Case
603	70-0707-5800-1 50051138 54376 6	2 adapters per box, 8 boxes per case	\$1.67	\$26.67

3M is committed to providing you only the highest quality products for your needs. If you have any questions regarding this product introduction, please contact your distributor.

Sincerely,

John Kehoe
