High Power Brake Cleaner

Data Sheet

3M Part No.(s) **3M Part Descriptor(s)**
08880 20 oz. Aerosol

3M Fax on Demand Identification Number:

Description

3M™ High Power Brake Cleaner is a general purpose degreaser designed to remove oil, grease, brake fluid and other contaminants from all types of brake assemblies and parts without disassembling the unit. Leaves no residue. Also helps eliminate disc brake squeal and "chatter."

NOTE: P.N. 08880 WILL MAR OR ATTACK PAINT.

Features, Advantages, Benefits

Features

- High Delivery Rate
- Low Odor
- Removes Grease, Oil and Other Contaminates
- Non-Chlorinated Formula
- Contains No Ozone-Depleting Ingredients

Advantages

Benefits

Consistency	Thin Liquid
Solvent	Heptane, Xylene, Methyl Alcohol, Ethylbenzene
Net Weight	14 Net Wt. oz.
VOC Content	100%

Product Uses

Performance Properties

Handling and Application Information

Directions for Use

Note: Use in well ventilated area

1. Insert extension tube into spray tip.
2. Turn spray tip so opening points to dot on can rim.
3. Spray liberally on parts to be cleaned. Wait a few minutes to permit complete penetration and loosening action. Flush away dissolved deposits with added applications.
4. Air dry parts or use a soft cloth to wipe dry.
5. Repeat application if parts are extremely contaminated.

3M™ High Power Brake Cleaner can also be used as a leak detector. Spray on engine pan or transmission pan; *be sure surfaces are cool*. When surface is clean and dry, you can detect any oil seepage.

Applications

- Brake linings, shoes, drums, cylinders, caliper units, disc brake pads, and all other related parts.
- Leak detecting
- General degreasing

Storage and Handling

Store at room temperature. Rotate stock on a "first-in, first-out" basis. When stored at the recommended conditions in original, unopened containers, this product has a shelf life of 12 months.

Precautionary Information

Refer to Product Label and Material Safety Data Sheet for Health and Safety Information before using this product.

Important Notice to Purchaser

The statements and technical information contained in this technical data sheet are based on tests and data which 3M believes to be reliable, but the accuracy or completeness of such statements and technical information is not guaranteed. **3M MAKES NO WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's method of application.

* If 'Directions for Use' reference P.N.'s 8984, 8986, or 8987, please read below.

Federal and local air quality regulations may regulate or prohibit the use of surface preparation and cleanup solvents based on VOC content. Consult your local and Federal air quality regulations for information. When using solvents, use in a well ventilated area. Extinguish all sources of ignition in the work area and observe precautionary measures for handling these materials. Refer to product label and MSDS for P.N. 8984, 8986, or 8987 for detailed precautionary information.

LIMITATION OF REMEDIES AND LIABILITY: If the 3M product is proved to be defective, **THE EXCLUSIVE REMEDY, AT 3M'S OPTION, SHALL BE TO REFUND THE PURCHASE OF OR TO REPAIR OR REPLACE THE DEFECTIVE 3M PRODUCT.**

3M shall not otherwise be liable for loss or damages, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including negligence, warranty, or strict liability.
