

3M™ Multi-Gas Detector 950 Series – Introduction

Welcome and thank you for choosing the 3M™ Multi-Gas Detector 950.

During this short review, we will be discussing use and maintenance of your detector. The goal of this review is to show you how to calibrate, clean, use and read the data from your detector.

Additional detailed information can be found in your User Instructions packaged with the product or by calling the 3M Technical Service Hotline at 1-800-243-4630.
