3M™ EAR PLUG DISPENSER

Protecting your way of life.

3M Innovation

Protecting your way of life.

3M Innovation

INTRODUCING THE NEW REFILLABLE 3M™ EAR PLUG DISPENSER

The 3M™ Ear Plug Dispenser ensures that your employees have clean and easy access to hearing protection. The dispenser holds up to 700 pairs of ear plugs and is easily refilled with the popular 3M™ Ear Plug 1100 and the 3M™ Soft Foam Ear Plug 1120.

- **Cost Effective** - Low cost refill bags instead of single use jars, bottles, and disposable dispensers
- **Less Waste** - No ear plug wrappers and a catch tray keeps ear plugs off the floor
- **Easy to Use** - Simple one hand operation. Unique design helps keep ear plugs flowing freely
- **Convenient** - Durable, lightweight plastic container mounts easily on the wall. Highly visible to remind workers to wear hearing protection
- **Refillable** - No need to wait until container is completely empty to refill and no need to throw away last few pairs of ear plugs
- **Optional Base** - Sturdy base holds dispenser securely for use on tables and benches. Ideal for Reception areas
