

3M participates in international trials to help ensure the high levels of interoperability and performance of the 3M ePassport Readers. ePassport and biometric integration solutions from 3M are receiving a positive reaction in the marketplace and further installations are expected to be announced in the coming months. 3M passport readers, document authentication systems, border management systems and identity document issuance systems are currently being used by nations around the globe. In addition to the Netherlands, customers of 3M Security Systems solutions include the United Kingdom, France, Mexico, Jamaica and Thailand.

3M brings more than 30 years of experience, a global presence, technical innovation and a strong customer focus to the secure document marketplace. Our solutions cover a broad spectrum of enhanced travel and border security, including document issuance and border management.
