

# Help Prevent Slip and Trip Hazards

The single most common cause of injuries at work

### 3M™ Safety-Walk™ General Purpose Tread 610

#### Quick and easy to apply!

- Mineral coated safety tread to help prevent slips and falls.
- Low-profile, mineral-coated, slip-resistant material features a highly durable surface.
- For heavy traffic areas such as stairs, ramps, entrances, running boards, ladders, equipment and vehicles.

### 3M™ Concrete Repair 600 Gray Self-Leveling

#### Sets in minutes!

- Quickly repairs cracks and spalls in concrete.
- Hardens in as little as 5 minutes; forklift can pass over a repair in as few as 15 minutes.
- Cartridge can be used in a standard caulk gun.

### 3M™ Vinyl Tapes

#### Faster than masking and painting!

- Easy to apply OSHA compliant tape for hazard or safety markings.
- Extremely long wear; resists abrasion and solvents.
- Retains color, durable; resisting abrasion over paint and other tapes.
- Conformable around curves, won't shrink back from surface once it's applied.
- Aggressive rubber adhesive sticks on contact.

## Did you know...

- *Over 1/3 of all major injuries reported each year are caused as a result of slips or falls (the single most common cause of injuries at work).*

*(Source: Health and Safety Executive Report [HSE])*

- *Slips and falls are the number one cause of accidents in hotels, restaurants and public buildings; and 70% occur on flat and level surfaces.*

*(Source: US Bureau of Labor)*

- *There are estimated to be 104 million lost workdays per year (65% of all lost man-hours) as a result of slip and trip hazards.*

*(Source: Alberta Anti-Slip)*

**Product Use:** All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

**Warranty and Limited Remedy:** Unless stated otherwise in 3M's product literature, packaging inserts or product packaging for individual products, 3M warrants that each 3M product meets the applicable specifications at the time 3M ships the product. Individual products may have additional or different warranties as stated on product literature, package inserts or product packages. 3M MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY IMPLIED WARRANTY ARISING OUT OF A COURSE OF DEALING, CUSTOM OR USAGE OF TRADE. User is responsible for determining whether the 3M product is fit for a particular purpose and suitable for user's application. If the 3M product is defective within the warranty period, your exclusive remedy and 3M's and seller's sole obligation will be, at 3M's option, to replace the product or refund the purchase price.

**Limitation of Liability:** Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental, or consequential, regardless of the legal theory asserted, including warranty, contract, negligence, or strict liability.
