

General Contractor Products

Personal protection in the aftermath of a wildfire is a critical consideration of the cleanup process. Together, your safe work practices and 3M™ Personal Protective Equipment can help reduce your exposure to common cleanup hazards. In addition to consideration of the task and application, it is critical that respiratory protection be selected on the specific airborne contaminants to be filtered and concentration of the contaminant.

3M™ Respirator and Filter Guide

Features or Application	Choose Respirator/Filter Combination									
	Disposable Respirator				6000 Half Facepiece		7500 Half Facepiece		6000 Full Facepiece	PAPR
										
Particulate Dust, Soot and Ash	■	■	■	■	■	■	■	■	■	■
Class 100 Filters						■	■	■	■	■
Nuisance Odors – Organic Vapors (OV)					■		■	■	■	
Nuisance Odors – Acid Gas (AG)					■			■	■	
Individually Packaged Respirators		■		■	■	■	■	■	■	■
Exhalation Valve			■	■	■	■	■	■	■	■
Mold Remediation*	■	■	■	■	■	■	■	■	■	■
Asbestos/Lead Abatement						■	■	■	■	■
Gas and Vapor Protection									■	

■ = Recommended for application

* Protection levels depend upon size of area being remediated. Please see US EPA published guidelines for "Mold Remediation in Schools and Commercial Buildings" April 2001 at www.epa.gov.

3M Eye Protection, Hearing Protection and Reflective Material Products

3M™ Protective Eyewear – 1700

Use of safety spectacles should be considered minimum eye protection at all cleanup sites. Unvented or indirectly vented safety goggles may be used for dusty environments or situations where splashing may occur. 3M offers a wide variety of safety spectacles, goggles and faceshields. All 3M eyewear meets ANSI Z87.1-2003 requirements.

3M Soft Foam Ear Plugs – 1120

Use when operating heavy machinery or power tools. Reusable ear plugs are available with or without cord.

3M™ Scotchlite™ Reflective Material

This material is recognized as a leading high performance reflective material for enhancing worker visibility. People who wear safety garments properly utilizing Scotchlite Reflective Material can enhance their visibility in low light and nighttime conditions when illuminated by a light source.

⚠ WARNING: RESPIRATORS

These respirators help reduce exposure to certain airborne contaminants. **Misuse of respirators may result in sickness or death.** For proper use, see *User Instructions* in package, supervisor, or call 3M Occupational Health and Safety Division (OH&ESD) Technical Service at 1-800-243-4630. In Canada, call 1-800-267-4414.

⚠ WARNING: EYE AND FACE PROTECTION PRODUCTS

These eye and face protection products help provide limited eye and face protection against flying particles. **Misuse or failure to follow warnings and instructions may result in serious personal injury, including blindness, or death.** For proper use, see supervisor, read instructions and warnings on the package, or call 3M Occupational Health and Safety Division (OH&ESD) Technical Service at 1-800-243-4630. In Canada, call 1-800-267-4414.

⚠ WARNING: HEARING PROTECTION PRODUCTS

These hearing protection products help prevent hearing loss against certain noises. To provide proper protection, the hearing protector should be (1) suitable for the job, (2) fitted properly in/on the ear, (3) worn during all times of exposure to noise, and (4) replaced when damaged or otherwise necessary. Failure to fit and use proper hearing protectors according to these instructions will reduce their effectiveness. **Failure to wear hearing protectors 100% of the time that you are exposed to hazardous noise may dramatically increase your risk of developing hearing loss.** Keep ear plugs away from small children. They may get caught in a child's windpipe. For more information, call 3M Occupational Health and Safety Division (OH&ESD) Technical Service at 1-800-243-4630. In Canada, call 1-800-267-4414.
