

3M™ Construction Seaming Tape 8087

Seam, Seal, Splice, Repair

Hot/cold versatility for weather resistant barriers, sheathing, and vapor barriers

This one product gives you the versatility for seaming, splicing, sealing or repairing many materials used for moisture barriers inside and outside such as sheathing, weather resistant barriers, and moisture barriers.

3M™ Construction Seaming Tape 8087 combines a rugged polypropylene backing with a 3M industrial grade pressure sensitive acrylic adhesive.

- UV-stabilized 1.4 mil polypropylene backing resists sunlight exposure
- Cold temperature acrylic adhesive bonds on contact to a variety of materials at temperatures as low as 14°F (-10°C)
- Reliable adhesion over a wide temperature range to such materials as polyethylene film, house wrap, expanded foam sheathing, and many more
- Use for exterior and interior applications
- Conforms to irregular surfaces and contours for a tight seal
- Easy unwind from the roll by hand or with a 3M hand-held applicator
- Red color for high contrast that facilitates inspections; translucency for easy alignment over seams
- Available in two widths

3M™ Construction Seaming Tape 8087
