3M™ Floor Pads

Achieve a stunning reflection in less time, with less effort.

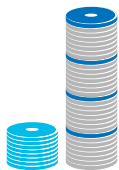

Exceptionally durable

Many of our floor pads maintain their effectiveness significantly longer than competitive floor pads and need to be replaced less often.

3

Consistent performance

Many 3M™ Floor Pads have abrasive minerals distributed uniformly throughout the entire pad — inside and out. So even as they wear, you get consistent, high quality results.

Longer life

It takes 4X as many competitive pads to strip a floor compared to a 3M™ Stripping Pad. Longer-lasting floor pads need to be replaced less often, contributing to less waste in landfills.

Fewer chemicals

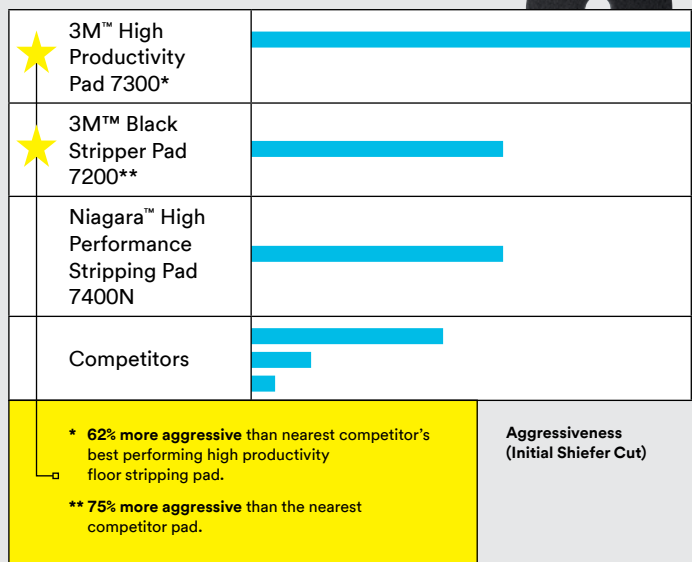

3M's abrasive technology is effective using only water for many floor maintenance operations.

3M™ Floor Pads outscrub, outshine and outlast.

3M™ Floor pads are engineered to help reduce the cost of cleaning and maximize the effectiveness of your floor care program. All while keeping waste to a minimum.

High Performance Stripping Pads

Innovative abrasive technology for efficient stripping.

3M invented floor pads more than 65 years ago to help cut the costs of floor care. Today, we continue to develop products that anticipate the needs of floor care professionals through science-based research and a commitment to advancements in sustainability that help our customers with facility maintenance and productivity goals.

Highlighted solutions from 3M

Scotch-Brite™ Clean & Shine Pad

Clean and shine in the same step.

Starting Appearance

After Repeated Use

Effective with just water, the revolutionary Scotch-Brite™ Clean & Shine Pad gradually increases shine with each use, reducing or eliminating the need for burnishing.

Scotch-Brite™ Surface Preparation Pad Plus

You'll see and feel the difference.

The Scotch-Brite™ Surface Preparation Pad Plus provides the premium performance you've come to depend on from our surface preparation pads — PLUS it's even easier to use.

▶ No backer pad needed*.

Open fiber construction.

*Confirm pad driver compatibility with machine manufacturer before using without backer pad.

Every 3M™ Floor Pad has been developed specifically

Maintenance Operation	Equipment Speed		First Choice
Stripping To remove finish, sealer and contaminants from the floor surface.	Rotary or Automatic Low Speed 175–600 RPM	→	 3M™ High Productivity Pad 7300 Our most aggressive stripping pad. Unique open construction resists loading and clogging. For fast removal of finish and proven consistent stripping.
Scrubbing To provide a fresh new surface for finishing.	Rotary or Automatic Low Speed 175–600 RPM	→	 Scotch-Brite™ Surface Preparation Pad Heavy-duty scrubbing for top coat removal prior to recoating.
Cleaning To remove light soil and other contaminants.	Rotary or Automatic Low Speed 175–600 RPM	→	 Scotch-Brite™ Clean & Shine Pad 2-in-1 daily cleaning pad for low-speed scrubbers that gradually increases shine with repeated use.
Buffing To remove scuffs and black heel marks and enhance floor appearance.	Rotary Low Speed 175–600 RPM	→	 3M™ White Super Polish Pad 4100 Ideal for removing soil and scuff marks with minimal dulling. Also used to polish wood floors.
Burnishing To remove scuffs and marks, repair finish and improve gloss and image clarity.	Electric, Battery, Propane Ultra High Speed 1500 RPM & Above	→	 3M™ Eraser Burnish Pad 3600 Removes black marks and returns gloss in fewer passes than other pads while producing less dust. Ideal for harder finishes and high traffic areas. Excellent durability and minimal finish removal.
Best Gloss	Electric, Battery, Propane Ultra High Speed 1500 RPM & Above	→	 3M™ Tan Burnish Pad 3400 Produces good gloss improvement while removing scuffs and marks. Exceptional durability and life. Ideal for harder finishes and high traffic conditions.
Soft Finish	Electric, Battery, Propane Ultra High Speed 1500 RPM & Above	→	 3M™ Sky Blue Hi-Performance Burnish Pad 3050 Restores gloss to dull floors. Use for frequent burnishing with less dust, point buildup and burning.
Stone Floor Conditioning To clean and condition worn and dull stone floors.	Rotary, Automatic, Electric, Battery or Propane Low to Ultra High Speed 175–1500 RPM & Above	→	 Scotch-Brite™ Sienna Diamond Floor Pad Plus Diamond-coated floor pad for cleaning and conditioning worn and dull marble, terrazzo and polished concrete flooring.
Stone Floor Polishing To clean and polish stone floors with medium shine in good condition.	Rotary, Automatic, Electric, Battery or Propane Low to Ultra High Speed 175–1500 RPM & Above	→	 Scotch-Brite™ Purple Diamond Floor Pad Plus Diamond-coated floor pad for cleaning and polishing marble, and polished concrete flooring.

to accomplish a particular floor maintenance task.

Alternate Choices

3M™ Black Stripper Pad 7200

For consistent, proven performance, with a longer pad life. 75% more aggressive than the nearest competitor pad.

Scotch-Brite™ Surface Preparation Pad Plus

Long-lasting, high performance scrubbing pad. Open fibers for less clogging and no backer pad is required.

3M™ TopLine Autoscrubber Pad 5000

Open construction resists clogging for improved cleaning. Ideal for heavily trafficked/soiled conditions or in conjunction with a high-frequency burnishing program.

3M™ Red Buffer Pad 5100

Designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

3M™ Natural Blend Tan Pad 3500

Removes marks and scuffs while polishing harder finishes and high-traffic surfaces. Blend of natural and synthetic fibers.

3M™ Natural Blend White Pad 3300

Provides consistent high gloss while minimizing swirl marks for a wide variety of finishes and traffic conditions. Blend of natural and synthetic fibers.

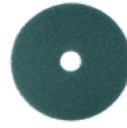

3M™ Aqua Burnish Pad 3100

Good gloss improvement with exceptional durability and life. The soft finish problem solver.

3M™ Brown Stripper Pad 7100

A conformable stripping pad for uneven floors. Effectively strips 2–4 coats of existing finishes.

3M™ Blue Cleaner Pad 5300

Heavy-duty scrubbing of floors.

3M™ Red Buffer Pad 5100

For everyday cleaning and light scrubbing. Removes light soil, scuff marks and black heel marks.

3M™ Tan Burnish Pad 3400

Produces good gloss improvement while removing scuffs and marks. Exceptional durability and life. Ideal for harder finishes and high traffic conditions.

Impressive results, lasting durability.

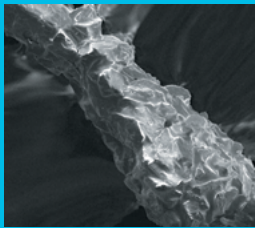

You know how difficult it is to maintain clean, and beautiful floors. It's an ongoing challenge that requires a commitment to excellence. That's why 3M created an integrated family of floor pads, designed to achieve superior results in less time.

Optimized construction makes for a solid foundation

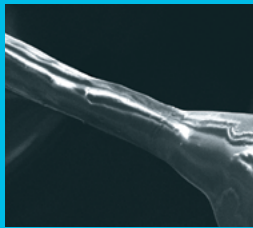

Incorporating the latest innovations from 3M's leadership in abrasive technology, 3M™ Floor Pads are engineered to help reduce the cost of cleaning and maximize the effectiveness of your floor program. All while keeping waste to a minimum.

- Every 3M™ Floor Pad has been developed specifically to accomplish a particular floor maintenance task.
- Exceptionally durable, many 3M™ Floor Pads maintain their effectiveness significantly longer than competitive floor pads and need to be replaced less often. That means fewer 3M pads wind up in landfills.

Discover how easy it is to provide a beautiful, lasting clean; quicker and more efficiently, with the 3M family of floor pads.
