

With so many choices  
of masking tape, how do you choose  
**the right one?**

# Introducing Masking Made Simple

Now it's easy to choose the best tape to get the job done right.

To win in today's highly competitive marketplace, you need the right tools. And that includes your masking tapes. So 3M has created a simple, 5-tape system to help you choose the right tape for your job.

Five tapes, built on increasing levels of performance and a common goal of helping you **finish jobs worth finishing**.

It's industrial Masking Made Simple.

## 3M™ Value Masking Tape

# 101+

### The basic tape for basic jobs

- Indoor use
- Light-duty applications
- Ideal for marking, temporary holding, wrapping and sealing.

## 3M™ General Use Masking Tape

# 201+

### The tough tape for everyday jobs

- General indoor use
- Light-to-medium duty
- Smooth and conformable
- Sticks with confidence to a wide variety of surfaces
- Easy to handle, apply and remove in one piece
- Ideal for bundling, labeling and identifying

## 3M™ Performance Yellow Masking Tape

# 301+

### The dependable choice for industrial performance

- Good conformability to irregular surfaces
- Resists paint bleed-through
- Great paint lines
- Yellow backing ensures good visibility
- Ideal for industrial paint masking, bundling, holding, marking, colour coding and sealing.
- Withstands surface temperatures up to 107°C for 30 minutes.

## 3M™ High Performance Green Masking Tape

# 401+/233+

### The industrial strength GREEN coloured performance

- Highly conformable to many surfaces
- Superior adhesion to metal, rubber, glass and plastic
- Removes cleanly in one piece with no residue
- Resists paint bleed-through
- Creates super-sharp paint lines
- Green backing improves visibility and accuracy during paint masking.
- Ideal for high performance industrial painting, including two-tone colour application on trucks, buses, trailers, trains, fire trucks, ambulances and airplanes.
- Withstands surface temperatures up to 121°C for 30 minutes.

## 3M™ Specialty High Temperature Masking Tape

# 501+

### The highest *degree* of industrial performance

- Exceptionally conformable to irregular surfaces
- Superior adhesion to metal, rubber, glass and plastic
- Removes cleanly in one piece with no residue
- Extra-strong backing resists bleed-through from most industrial paints.
- Creates super-sharp paint lines
- Ideal for all high temperature paint baking, fascia painting and pipe coating applications.
- Withstands surface temperatures up to 149°C for 30 minutes.

Since 1925, 3M™ Masking Tapes have helped companies all over the world *finish jobs worth finishing*. With the most advanced technologies and processes in the industry, 3M now offers the widest selection of masking products. But with so many choices, and so much complexity, it's time to "Make Masking Simple."

**PRODUCT USE:** All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M's control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user's knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user's method of application.

**WARRANTY, LIMITED REMEDY, AND DISCLAIMER:** Unless an additional warranty is specifically stated on the applicable 3M product packaging or product literature, 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. If the 3M product does not conform to this warranty, then your remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. To the extent permitted by law, 3M will not be liable for any other loss or damage.

**LIMITATION OF LIABILITY:** Except where prohibited by law, 3M and seller will not be liable for any loss or damage arising from the 3M product, whether direct, indirect, special, incidental or consequential, regardless of the legal theory asserted, including warranty, contract, negligence or strict liability.

*Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.*
