- Strap configuration for comfortable wear with communication headsets

- Tough, lightweight frame
- Pivoting, adjustable temple and nose bridge

3M Maxim-MCEPS Tactical Eyewear Kit includes a clear and gray lens, case, lanyard, goggle strap, and anti-fog wipe.

Maxim features an Aspheric lens design, which allows for closer, tighter wrapping around the face without causing optical distortion compared to conventional spheric lenses.

Maxim offers nose bridge and temple adjustment to help accommodate different facial profiles.

The unique system is designed to switch lens at the temple, which allows fast lens switching when needed and provides the capability for use with a goggle strap.
