Fire Dam™ 2000 Coating

Declaration of Performance according to Annex III of Regulation (EU) No 305/2011

1. Unique identification code of the product-type:

3M™ Fire Dam™ 2000 Coating

2. Type, batch or serial number or any other element allowing identification of the construction product as required under Article 11(4):

Lot / Batch No - see label and/ or product

3. Intended use or uses of the construction product, in accordance with the applicable harmonised technical specification, as foreseen by the manufacturer:

3M™ Fire Dam™ 2000 Coating is used as a system to reinstate the fire resistance performance of flexible and rigid wall constructions, where they are penetrated by various cables and metallic pipes

4. Name, registered trade name or registered trade mark and contact address of the manufacturer as required under Article 11(5):

3M United Kingdom PLC
Cain Road
Bracknell
RG12 8HT Berkshire
United Kingdom

http://www.3m.com/

5. Where applicable, name and contact address of the authorised representative whose mandate covers the tasks specified in Article 12(2):

No Performance Determined

6. System or systems of assessment and verification of constancy of performance of the construction product as set out in CPR, Annex V:

System 1

7. In case of the declaration of performance concerning a construction product covered by a harmonised standard:

No Performance Determined

8. In case of the declaration of performance concerning a construction product for which a European Technical Assessment has been issued:

3M™ Fire Dam™ 2000 Coating has been issued an European Technical Approval (ETA-09/0333) by the notified body Warrington Certification Limited on the basis of ETAG 026-2 (Guideline for European Technical Approval of Fire Stopping and Fire Sealing Products Part 2 Penetration Seals: 2008-01-01)

Notified Body, Warrington Certification Limited, NB 1121, performs the initial inspection of manufacturing plant and of FPC and issued the confirmation of conformity No 1121-CPR-JA0008
9. Declared performance

Important Notice
All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M’s control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user’s knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user’s method or application. All questions of liability relating to this product are governed by the terms of the sale subject, where applicable, to the prevailing law.
