1. Unique identification code of the product-type:

   3M™ Fire Barrier Composite Sheet CS-195+

2. Type, batch or serial number or any other element allowing identification of the construction product as required under Article 11(4):

   3067AS:
   3 = last digit of year 2013
   067 = Julian date
   AS = to distinguish between different lots produced on the same day

3. Intended use or uses of the construction product, in accordance with the applicable harmonised technical specification, as foreseen by the manufacturer:

   3M™ Fire Barrier Composite Sheet CS-195+ is used to reinstate the fire resistance performance of flexible and rigid wall constructions, where they are penetrated by various cables and metallic pipes

4. Name, registered trade name or registered trade mark and contact address of the manufacturer as required under Article 11(5):

   3M United Kingdom PLC
   Cain Road
   Bracknell
   RG12 8HT Berkshire
   United Kingdom
   http://www.3m.com/

5. Where applicable, name and contact address of the authorised representative whose mandate covers the tasks specified in Article 12(2):

   No Performance Determined

6. System or systems of assessment and verification of constancy of performance of the construction product as set out in CPR, Annex V:

   System 1

7. In case of the declaration of performance concerning a construction product covered by a harmonised standard:

   No Performance Determined

8. In case of the declaration of performance concerning a construction product for which a European Technical Assessment has been issued:

   3M™ Fire Barrier Composite Sheet CS-195+ has been issued an European Technical Approval (ETA-12/0559) by the notified body Warrington Certification Limited on the basis of ETAG 026-2 (Guideline for European Technical Approval of Fire Stopping and Fire Sealing Products Part 2 Penetration Seals: 2008-01-01)

   Notified Body, Warrington Certification Limited, NB 1121, performs the initial inspection of manufacturing plant and of FPC and issued the confirmation of conformity No 1121-CPD-JA5004
9. Declared performance

Important Notice
All statements, technical information and recommendations contained in this document are based upon tests or experience that 3M believes are reliable. However, many factors beyond 3M’s control can affect the use and performance of a 3M product in a particular application, including the conditions under which the product is used and the time and environmental conditions in which the product is expected to perform. Since these factors are uniquely within the user’s knowledge and control, it is essential that the user evaluate the 3M product to determine whether it is fit for a particular purpose and suitable for the user’s method or application. All questions of liability relating to this product are governed by the terms of the sale subject, where applicable, to the prevailing law.
### 3M™ Fire Barrier Composite Sheet CS-195+

**DoP 3M FB CS-195+  1121-CPR-JA5004

ETA-12/0559**

3M™ Fire Barrier Composite Sheet CS-195+ is used to reinstate the fire resistance performance of flexible and rigid wall constructions, where they are penetrated by various cables and metallic pipes.
