1. Unique identification code of the product-type:

   3M™ Fire Barrier Pass-Through Device

2. Type, batch or serial number or any other element allowing identification of the construction product as required under Article 11(4):

   Lot / Batch No - see label and/ or product

3. Intended use or uses of the construction product, in accordance with the applicable harmonised technical specification, as foreseen by the manufacturer:

   3M™ Fire Barrier Pass-Through Device is used to reinstate the fire resistance performance of wall constructions, where they have been provided with apertures for the penetration of insulated metallic pipes

4. Name, registered trade name or registered trade mark and contact address of the manufacturer as required under Article 11(5):

   3M United Kingdom PLC
   Cain Road
   Bracknell
   RG12 8HT Berkshire
   United Kingdom

   http://www.3m.com/

5. Where applicable, name and contact address of the authorised representative whose mandate covers the tasks specified in Article 12(2):

   No Performance Determined

6. System or systems of assessment and verification of constancy of performance of the construction product as set out in CPR, Annex V:

   System 1

7. In case of the declaration of performance concerning a construction product covered by a harmonised standard:

   No Performance Determined

8. In case of the declaration of performance concerning a construction product for which a European Technical Assessment has been issued:

   3M™ Fire Barrier Pass-Through Device has been issued an European Technical Approval (ETA-10/0034) by the notified body Warrington Certification Limited on the basis of ETAG 026-2 (Guideline for European Technical Approval of Fire Stopping and Fire Sealing Products Part 2 Penetration Seals: 2008-01-01)

   Notified Body, Warrington Certification Limited, NB 1121, performs the initial inspection of manufacturing plant and of FPC and issued the confirmation of conformity No 1121-CPD-JA0012
9. Declared performance
