

Clean Removal Multipack Tape

# The Multipack Solution

The Multipack Solution is a tape-based, multi-unit packaging solution that replaces shrink wrap, paper inserts and labels.

Multiple bundling options:

Scotch® Multipack Tape secures the bundle yet removes cleanly without damaging the primary packaging.

Custom print your message to differentiate your product at shelf.

Printed Multipack Tape covers original UPCs for accurate checkout.

## Increased Productivity

- Reduced costs
- Increased throughput – up to 60 multipacks/minute

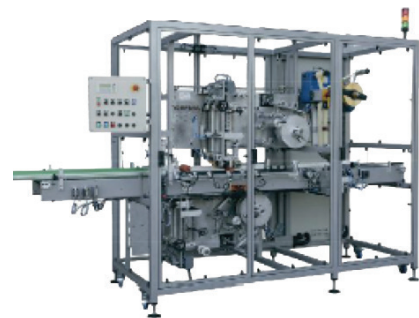

## High Quality Print

- Clean removal adhesive does not damage packaging
- Custom printed messaging

## Less Material and Energy

- Up to 50% less packaging by weight\*
- Up to 96% energy savings\*\*

\* Compared to shrink wrap.  
Does not include full LCA comparison.  
\*\* Compared to shrink wrap machinery.  
Does not include full LCA comparison.

The combination of the Scotch® Clean Removal Multipack Tape and high-speed, energy efficient Multipack Machinery increase productivity, improve the design of your packaging and reduce material and energy consumption.
