3M™ Breathe Easy™ Assemblies – BE-12-BIOKIT

# Enhance Your Ability to Respond

Now you can enhance your existing 3M™ Breathe Easy™ assemblies when responding to biological hazards. Our biological conversion kit gives you a comfortable option and offers flexibility when responding to a variety of emergency response applications, including patient triage, decontamination and infection control. Our biological conversion kit allows you to:

- ✓ Enhance your existing 3M Breathe Easy assemblies
- ✓ Maximize your initial investment at a low conversion cost
- ✓ Stay with a response system your employees are trained for and familiar with
- ✓ No additional fit or user testing required
- ✓ Your monthly battery maintenance program remains the same—no additional batteries required
