3M™ Virtua™ CCS Packaging Change Notice
--

Dear 3M Distributors:

As part of 3M's ongoing efforts to provide innovate products with additional value and features, 3M included a free sample of 3M UltraFit™ corded earplugs in some packages of 3M™ Virtua™ CCS safety eyewear and 3M™ Nitrous™ CCS safety eyewear as a way to draw attention to the Cord Control System (CCS) feature.

Because awareness of the CCS feature has grown, we will no longer include sample earplugs in these packages. The change will not affect pricing, stock or UPC numbers.

Affected Products
