Scotch® Heavy Duty Shipping Packaging Tape

celum ID 670771 & 821422 & 886562

Best Choice for all Your Shipping Needs

- Excellent holding power -- even the heaviest packages can withstand rough handling
- Resists slivering, splitting and tearing

You can ship your packages with confidence knowing Scotch® Heavy Duty Packaging Tape is Scotch® Brand's strongest!

20X Stronger - It really is!

In shear adhesion holding power, compared to acrylic based on ASTM* D3654

Think of shear adhesion as the tape flap extending down the side of your box. That flap gets a lot of pressure when a box is being handled roughly in shipping or if it has been "generously" packed.

* International standards organization that develops and publishes voluntary consensus technical standards for a wide range of materials, products, systems, and services. Source: Wikipedia

Ratings & Reviews

★★★★★

Strong, Strong, Strong

When I worked for a major US mailing company I would only recommend this tape for heavy and bulky mailings.
-Craig C.

Only Brand I Will Use!

I shop out a lot of packages a week, and this is the ONLY shipping tape that I trust and will use. You van rest assured that your packages will remain closed, sealed, and secure with Scotch Shipping Tape.

Heavy Duty gets the job done

I am the book review editor for a professional journal. Every three months, I sent 20 or 30 books out to reviewers in the United States and Canada. Scotch Heavy Duty Shipping Tape really helps me get all of the books packed and ready to ship quickly. It is strong and adheres well to the shipping envelopes. It also helps to reinforce the address labels, assuring that the packages reach their destination safely.

Can't do Without It

I do a lot of packaging and shipping and I love this shipping tape. It holds and withstands whatever the shippers throw at it protecting the contents. This is always my brand of choice!
-Jo-Ann M

Dispense that Tape!

celum ID 907964 & 880869

Smaller size is easy to store

celum ID 922586

1. Fits comfortably in your hand
2. Ridges for easy gripping
3. Tabs keep tape from falling back on the roll
4. Long "tongue" allows tape to sit upright
5. Gently pressure on the "tongue" while dispensing creates tape "tension" for tight box sealing
6. Refillable

Store That Tape! Cabinet Pack

1. Keeps rolls neat and organized
2. Perforated lid can be removed for easy access, then replaced to keep tape clean
3. Can easily be stored on a shelf or in a cabinet

Scotch® Tear By Hand Mailing Packaging Tape	Scotch® Reinforced Strength Shipping Strapping Tape	Scotch® Extreme Shipping Strapping Tape
Tears easily.	Fiberglass Reinforced.	Our strongest strapping tape.
Tears straight and easily – without a dispenser or scissors – ideal for mailing, moving, and package sealing. It's a great way to protect shipping labels.	Ideal for sealing, banding, and bundling. It's moisture resistant so it also comes in handy for temporary repairs.	Made for the toughest jobs. For ultimate security, it features bi-directional reinforced fibers and delivers a tensile strength of greater than 140 lbs per inch.
