

Technical Information Sheet

3M™ CoTran™ 9693 Tan Polyethylene Tape

Features and Benefits

- Hypoallergenic Pressure Sensitive Adhesive
- ETO & Gamma Compatible
- Conformable
- Good Adhesion to Skin
- Easy to Apply
- Opaque
- Provides Barrier from External Contamination
- Warm Tan Color

Packaging and Recommended Storage

Product as supplied in original packaging will maintain stated properties for a period of two years from date stamped on shipping container when stored at temperatures of ≤86°F (≤30°C) and a ≤75% relative humidity.

Composition	
Tape Caliper	5 mil (0.13mm) Tan Polyethylene Film Tape
Backing	3.6 mil (0.09mm) Tan Polyethylene
Adhesive	Tackified Acrylic, designed for medical/surgical applications
Release Liner	63 lb. Poly-coated Kraft paper, silicone on one side (4.9 mils/0.12mm)

Typical Properties*	
Adhesion to Steel, 180° Peel	850g/25mm minimum (30 oz/in)
Liner Release	50g/25mm maximum (1.8 oz/in)

*3M test methods are available upon request.

Roll Description — Tape supplied on 3 inch (76mm) diameter cores	
Length, Maximum	500 yd (457m) ± 2%
Width, Maximum	48 in (122cm) ± 1/32 in (1.0mm)

Splices — Splices on the tape are intended for continuous processing	
Roll Width	≤ 8 in (20cm)
Maximum Number of Splices per Roll	2 per 100 yd (91m)
	3 per 200 yd (183m)
	8 per 500 yd (457m)

Information on the splice frequency in roll widths greater than 8 inch (20cm) is available upon request.

Please see reverse side for important product, safety and warranty information.

Ordering Information

Call us at Customer Service to place an order: 1-800-643-8086 (U.S.). Visit our website: www.3M.com/DDS for product and services information, news about conferences we will be attending, new product highlights or to make a direct inquiry.

Product and Safety Information: User is solely responsible for determining the suitability of 3M samples and products for the intended use including any necessary safety or toxicity assessment. 3M will provide Material Safety Data Sheets and results of toxicity testing upon request. In every case before using any product in full scale production users should conduct their own tests to determine to their own satisfaction whether the product is of acceptable quality and is suitable for their particular purposes under their own operating conditions. **Notice:** Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendations to practice any invention covered by any patent, without authority from the owners of this patent.

Warranty Information

All statements, technical information and recommendations herein are based on tests 3M believes to be reliable, but the accuracy or completeness thereof is not guaranteed. 3M warrants only that products will meet 3M's specifications at the time of shipment to the customer. 3M does not offer any other warranty and does not warrant the performance, safety or such other characteristics of Products in combination with other materials. 3M specifically DOES NOT warrant Products for any intended or unintended uses (whether or not foreseeable); for compatibility or suitability with other components or compatibility with any methods of manufacture or conversion. The foregoing warranty is made in lieu of all other warranties, expressed or implied, including the implied warranties of merchantability, fitness for a particular purpose and freedom from non-infringement.

Limitation of Remedies: If products are proven not to meet 3M's specifications, the sole and exclusive remedy available and 3M's only obligation shall be, at 3M's option, to replace such quantity of Products which are proven out of specification or to refund the purchase price paid for Products.

Limitations of Liabilities: The remedies provided herein are exclusive remedies against 3M for any alleged or actual nonconformance to specifications or defect or other failure in products or for 3M's performance of its supply obligations. Under no circumstances is 3M liable for any direct, indirect, incidental, special or consequential damages (including lost profits) in any way related to the product under any theory of law including, but not limited to, negligence and strict liability.
