3M™ Thinsulate™ Odor Resistant Insulation

3M™ Thinsulate™ Odor Resistant Insulation with X-STATIC® fibers is an advanced textile fiber that combines insulation and precious metal technology for warmth and odor resistance. With its natural antimicrobial properties, a layer of pure silver is used on the X-STATIC® fibers to inhibit the growth of odor-causing bacteria in the insulation. This mid-loft insulation helps keep outerwear, sportswear, and workwear cozy and fresh.

- Warmth with odor resistance that is safe and hypoallergenic

“My Thinsulate lined jacket traps my body heat in without making me sweat. Once I get moving on the jobsite, I'm warm all day.”

-MICK T. | CALIFORNIA
