

3M Scotch-Brite™ # 7200 Black Stripping Pad

Product Bulletin

Issued Oct 2005
Supersedes Jun 2001
Author: John Mitchell

Description:

The Scotch-Brite Black Floor Pad is a premium quality floor maintenance-stripping pad, made of high quality synthetic fibre, in an open textured non-woven construction. Abrasive particles are dispersed throughout and bonded with a durable adhesive.

Each floor pad has a pre-cut centre hole.

Special Features:

- Very aggressive mineral particles for effective removal of floor finishes
- Blend of fibres to increase friction on floors and to remove black marks and stains
- Easy washing of pads after use
- Consistent performance
- Durable pad at work.

Where and When to Use:

RPM	150-250	250-500
Strip	XX	
Scrub	X	
Spray		
Buff		

XX Designed for X suitable

The Scotch-Brite Black Floor Pad is used with stripping solutions and standard speed rotary floor machines for wet stripping floor finishes on hard floors.

It can also be used for heavy duty cleaning on concrete and industrial floors.

Directions for Use:

1. Install under the machine pad holder
2. Apply stripping solution on floor with a mop
3. Allow to stand for 5-10 minutes
4. Strip the floor with floor machine adding water to keep floors wet during process
5. Pick up dirty solution, rinse the stripped floor with clear water and clean mop and let floor dry before recoating or re-opening to traffic
6. Remove pad and wash it

Maintenance of pad:

1. Remove pad from machine immediately after each use
 2. Rinse wash under tap water or spray water or keep pads soaked in diluted stripping solution to dissolve caked on finish (do not let dirty pads dry before washing).
 3. Rinse and hang up for drying ..
- Note: do not machine wash

Performance Advantages:

Strip a floor up to 3 times faster (Test method 3M/PT3)

Lasts up to 2 times longer (Test 3M/BT)

Durability : around 5 000 sqm at 150 RPM in standard use with appropriate maintenance

Disposal Informations:

Discard into appropriate container, for incineration, if available.

Packaging material: recyclable

Product Specifications:

The Scotch-Brite Black Floor Pads consist of mainly nylon fibre and synthetic adhesive. They are not significantly affected by water, detergents and cleaners normally used for floor maintenance.

Product Characteristics:

Colour: black
Marking: white 3M on one side.
Thickness: 26.0mm
Centre hole: pre-cut at 85 mm
Weight: 2430 g/m²
Fibre type: nylon based, mixture of sizes
Mineral: 53 % , natural type

Aggressiveness (Schiefer Value):

Expected value for stripping operation: 2.0 to 4.0 g.

3M value : 3.2 grams

Packaging and labeling:

Packaging material made of 100% recycled material.

Multilingual black coloured label on each case. Bar code on each label.

Standard Sizes:

Standard Outside Diameters:
30, 33, 35, 40, 43, 45, 50,cm

others available depending on demand

Origin:

Made in USA ISO 9002 certified
SOS Australia
