

### Product Bulletin

Issued Aug 2000  
New  
Author: John Mitchell

#### Description :

The product is a dual function light duty cleaning tool which is a combination of an open textured non-woven cleaning web laminated with an adhesive onto a urethane sponge.

#### Product Advantages :

- Soft and non aggressive to the surface.
- Easy to handle.
- Conformable.
- Doesn't keep nor release harmful ingredients
- Very good lasting.
- Can work in hot water and with usual cleaning chemicals (diluted bleach only)
- High absorption

#### Where and When to Use :

The product is used for cleaning delicate surfaces such as porcelain, vitreous sinks, ceramics, plastics, vinyls, glass, stainless steel...

#### Maintenance :

- Rinse the product after each use under tap water.
- Remove deep embedded soil from the cleaning part by brushing it with a nylon brush.
- Rinse under clear water prior first use.

#### Product Characteristics :

Property	Nominal Value
Weight	23 g / unit *
Thickness :	30 mm
Size :	150 x 115mm
Color :	
• Web	• White
• Sponge	• Yellow
<u>Sponge part</u>	• Urethane
• Thickness :	• 20 mm
• Tensile strength	• 1,2 kg/cm <sup>2</sup> * • 2,3 kg/cm <sup>2</sup> *
• Water absorption :	• 27 times its dry weight nominal
• <u>Web =</u> Aggressiveness	0g removed *
Composition	• Nylon fiber • Dedicated soft mineral • Polymer resin

\* Indicative as depends on humidity content.

\* machine direction

\* cross direction

\* Schiefer test on acrylic plate material (after 5000 revolutions)

#### Packaging :

- 30 pads per case

#### Labeling :

- Each carton shall be labeled to identify the contents by product name, size and manufacturer.

#### Product Origin :

- Made in 3M Korea
- ISO 9002 certified manufacturing sites.
- Source of Supply :  
3M Australia
