

Scotchlite™

Reflective Material

3M™ Scotchlite™ Reflective Material —
Series 5600 Fire Coat Comfort Trim for
Garment Manufacturers

You'll never look at trim the same way again.

3M™ Scotchlite™ Reflective Material — Series 5600 Fire Coat Comfort Trim

**They deserve a garment made
for today's needs — together,
we can give it to them.**

It's not a fabric. It's not a tape. It's not stitched on. It's an integral part of your turnout gear. Partner with 3M to create a new innovation story. It has the best traits of any fire coat trim that 3M has ever made.

New 3M™ Scotchlite™ Reflective Material — Series 5600 Fire Coat Comfort Trim doesn't just change the way firefighters look, it's much more flexible than standard trim. It's durable and stitch free for lasting protection and may reduce maintenance. And best of all, it's 3M™ Scotchlite™ Reflective Material, so you know it will help keep them visible and protected day after day, call after call.

► **Sew what?**

Stitch-free design means no fabric edges to snag or slow firefighters down.

► **Feel the flexibility.**

Flexible and less constricting for easier movement, especially in tight spaces.

► **Breathing is believing.**

This breathable trim meets NFPA stored energy requirements without any modification or additional layers.

► **Durable by design.**

Just like 3M™ Scotchlite™ Reflective Material — Triple Trim, you can trust it to be flame resistant and durable in extreme conditions.

► **Light and bright.**

Reflective technology from 3M provides excellent reflectivity in low light and nighttime conditions to help keep firefighters safe and seen.

3M™ Scotchlite™ Reflective Material — Series 5600 Fire Coat Comfort Trim

Responding to the call.

We asked firefighters what they wanted, and they told us — flexibility, breathability, visibility and durability. As their jobs have evolved, their need for high-performance gear that meets a wide range of demanding service calls under extreme conditions has grown.

Together, we created a new standard in high-performance turnout trim for firefighters. It moves with them. It breathes with them. It responds with them. This trim lets you create gear that helps firefighters perform at their best.

Find out how to incorporate this revolutionary trim into your manufacturing process by contacting your 3M Technical Service representative at 800-243-4630.
