Creating lasting bonds in record time.

Metalworking products need to be built fast, but also built to last. Unfortunately, rivets and screws can lack both speed and resolve. 3M™ VHB™ Tape helps create lasting bonds in record time.

Panel Bonding

Stiffener Bonding/
Panel Reinforcement

Cuts down prep work and finishing.

Many mechanical fasteners require drilling, grinding, or post-refinishing. With 3M™ VHB™ Tape you can eliminate entire steps from the process.

Bonds and seals in one step.

Traditionally, creating an airtight seal requires the use of a sealant in addition to an adhesive or mechanical fastener. With 3M™ VHB™ Tape you can achieve the same result with a single product.

Outlasts mechanical fasteners.

Over time, rivets and screws can be vulnerable to corrosion, stress fractures and other failures. 3M™ VHB™ Tape helps create durable bonds that last.
