

**3M** Science.  
Applied to Life.™

# Science driven innovation helping to provide comfort, fit and protection.

20 years ago 3M developed the first 3-panel flat-fold disposable respirator, setting new standards for comfort and convenience. Based on this original design, the 3M™ Aura™ Respirator series is the next evolution in respirators and is the result of 3M's continuous drive to improve comfort.

# 3M™ Aura™ Disposable Respirators 9300+ series.

## Breathing ease

### Low breathing resistance

- ▶ combines the benefits of 3M's electret particulate filter material with advanced low breathing resistance filter technology
- ▶ gives effective filter performance whilst lowering resistance to breathing
- ▶ improved breathing ease and comfort

### 3M™ Cool Flow™ valve

- ▶ effectively removes heat build up
- ▶ provides a cooler and more comfortable wear
- ▶ removes exhaled air and minimises the risk of fogging eyewear

## Convenience

- ▶ flat-folded: easy to store when not in use
- ▶ hygienic individual packaging helps protect the respirator from contamination before use
- ▶ innovative chin tab improves ease of donning and adjustment to help achieve a comfortable fit

## Clear vision

### Embossed top panel

- ▶ helps reduce fogging of eyewear

### Sculpted nose panel

- ▶ curved, low profile design
- ▶ conforms well to nose and eye contours
- ▶ helps provide a good field of vision
- ▶ improves compatibility with eyewear

## Face and head comfort

### Design and material

- ▶ ingenious 3-panel design fits a wide range of face shapes and sizes
- ▶ accommodates your facial movements
- ▶ collapse resistant; ideal for work in hot humid environments
- ▶ stays securely in place, helping to provide a good, comfortable seal
- ▶ large soft nose foam material and smooth inner cover web help to create a comfortable environment for the face
