3M Visiting Wizards demonstrations are about 45-60 minutes each. Since our program is staffed by volunteers, we **CANNOT** guarantee that your request will be filled. If you don't hear from a volunteer two (2) weeks prior to your preferred date, please call Corrine Ivie at 651-733-2508. Corrine is the 3M Science Encouragement administrator.

Please check the demonstration(s) you would like on the next page. Descriptions of each can be found in the "3M Visiting Wizards Kit Descriptions" document on our webpage. There also is a document on our webpage that shows how our kits are aligned with the Minnesota State Science Standards.
