3M™ Bathroom and Shower Cleaner Concentrate 51A and 51L

Description

3M™ Bathroom and Shower Cleaner Concentrate 51A is a concentrated product designed to be diluted and dispensed using only the 3M™ Flow Control System Wall Mount Dispenser or the 3M™ Flow Control System Portable Dispenser.

3M™ Bathroom and Shower Cleaner Concentrate 51L is a concentrated product designed to be diluted and dispensed using only the 3M™ Twist 'n Fill™ Cleaning Chemical Management System.

Properly dispensed 3M™ Bathroom and Shower Cleaner is designed to remove hard water mineral deposits, soap scum, and heavy soil from typical bathroom and shower surfaces.

Special Features

- · Automatic dispensing eliminates measuring and mixing and ensures accurate dilutions
- Hydrochloric acid formula penetrates and loosens buildup quickly and thoroughly
- Effectively removes mineral deposits and soap scum

Applications

- Ceramic tile walls and floors
- Sinks, urinals, and toilet bowls
- Concrete floors
- Chrome and stainless steel fixtures
- Quarry tile
- Fiberglass

NOTE

Do NOT apply 3M[™] Bathroom and Shower Cleaner to marble or terrazzo.

NOTE

Test 3M™ Bathroom and Shower Cleaner on an inconspicuous area of rubber and vinyl surfaces. Discontinue use if discoloration occurs.

Packaging

3M™ Bathroom and Shower Cleaner Concentrate 51A

- One 0.5-gallon bottle per box
- Four boxes per case

Each 0.5-gallon bottle yields 28 ready-to-use gallons (1:49 dilution ratio).

3M™ Bathroom and Shower Cleaner Concentrate 51L

- One 0.528-gallon bottle per box
- Six boxes per case

Each 0.528-gallon bottle yields 29 ready-to-use gallons (1:54 dilution ratio).

General Use Directions

Refer to the 3M™ Bathroom and Shower Cleaner ready-to-use SDS for personal protective equipment recommendations.

Dispense 3M[™] Bathroom and Shower Cleaner Concentrate 51 A into a flip-top bottle, hand pail, or mop bucket using the 3M[™] Flow Control System Wall Mount Dispenser or the 3M[™] Flow Control Portable Dispenser.

CAUTION

Dispense 3M[™] Bathroom and Shower Cleaner Concentrate 51L into a flip-top bottle, hand pail, or mop bucket using the 3M[™] Twist 'n Fill[™] Chemical Management System. To prevent respiratory irritation, avoid using a fine spray setting to apply acid cleaners.

- 1. Liberally apply the 3M™ Bathroom and Shower Cleaner to the surface.
- 2. Allow the cleaner to dwell for two to five minutes.
- 3. Scrub the surface with the appropriate 3M mechanical tool such as a:
 - 3M™ Floor Brush
 - 3M™ Floor Pad
 - 3M™ Doodlebug™ Pad or Brush on a 3M™ Doodlebug™ Holder
 - Scotch-Brite™ General Purpose Scouring Pad 96
 - Scotch-Brite™ Light Duty Cleansing Pad 98
 - Scotch-Brite™ Power Pad 2000
- 4. Remove soiled liquid from floor surfaces using a wet vac or mop.
- 5. Rinse the surface with clean water.
- 6. Wipe dry as appropriate.

NOTE

Rinse metal surfaces thoroughly to prevent corrosion and rust damage.

Health and Safety

Tools and Equipment Usage

When using any equipment, always follow the manufacturer's instructions for safe operation.

Chemicals

When handling any chemical products, read the manufacturers' container labels and the Safety Data Sheets (SDS) for important health, safety, and environmental information.

Follow this link to obtain SDS sheets for 3M products.

Follow this link to obtain information about substances of very high concern (SVHC) for EU products.

NOTE

Refer to the product's safety data sheet for specific physical property, health hazard, first aid, and precautionary information.

Warranty Information

Technical Information

Technical information, guidance, and other statements provided by 3M are based upon records, tests, or experience that 3M believes to be reliable, but the accuracy, completeness, and representative nature of such information is not guaranteed. Such information is intended for people with knowledge and technical skills sufficient to assess and apply their own informed judgment to the information. No license to any intellectual property rights is granted or implied with respect to this technical information.

Product Selection and Use

Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. Customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment, reviewing all applicable regulations and standards, and reviewing the product label and use instructions. Failure to properly evaluate, select, and use a 3M product in accordance with instructions or to meet all applicable safety regulations may result in injury, sickness, death, and/or harm to property.

Warranty, Limited Remedy, and Disclaimer

Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price.

Limitation of Liability

Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
