To: 3M Purification Inc. Customers

Subject: 3M PI Authorized Residential Master Distributor Contact Information

Earlier this year, we announced our new 3M Purification (3M PI) Authorized Distributor program that requires a signed agreement and a minimum of \$20,000 a year in 3M PI products to be authorized to purchase products directly from 3M PI. As an alternative purchase method of 3M PI residential water products, we announced the option of purchasing residential water products through our 3M PI Authorized Residential Master Distributor network and the dealer gateway.

Today, we are excited to announce updates to our strong, qualified network of 3M PI Authorized Residential Master Distributors and their associated contact information. To purchase 3M Residential Water Filtration and Treatment products, please place your order through one of our 3M PI Authorized Residential Master Distributors.

Our Authorized Master Distributors are experienced water quality and plumbing industry professional service providers. We believe you will find great support in their dedicated customer service teams as well as opportunities for product training and sales support. Additionally, master distributors are able to quote all 3M food service products.

Master Distributors are authorized to ship to distributors anywhere in the United States. Exact order terms may vary by master distributor.

For more information on specific order terms and support details, please contact one of the Master Distributors listed on the next page.

Thank you for your continued support of 3M products!

Sincerely,

*William Zuccarini*

William L. Zuccarini  
US Sales and Marketing Director  
3M Purification
