

3M™ Drive-Thru Headset System G5

Smarter headset technology. That's the genius of G5.

3M™ Drive-Thru Headset Carrier, G5

- Ability to service your headset in store in seconds
- Sleek design, lighter weight and easy to adjust
- Enhanced comfort and flexibility

3M™ Battery, G5

- Smart battery technology
- End-of-life battery indicator
- 3M OEM battery authentication

3M™ Drive-Thru Headset Control Pod, G5

- Patent-pending control pod detaches from the carrier for fast and simple repairs
- Haptic “feel” vibration technology allows feather-touch operation for increased comfort
- Light and sound indicators

3M™ Drive-Thru Headset Charging Station, G5

- Integrated storage and charging unit
- Can be wall mounted or used on a tabletop
- Charge five headsets without removing the batteries

Indicator LED Lights

- Flashing blue mic boom light indicates a customer has arrived at the menu post

Mic Boom

- Enhanced Mic Array Technology reduces background noise

A smarter way to connect with customers.

Take service into your own hands

We designed the G5 headset so you can make key repairs, like replacing the carrier in store, in seconds. Say goodbye to downtime and hello to easy.

Making some noise with noise reduction

The digital sound quality is better than ever thanks to enhanced mic array technology that improves sound clarity and reduces background noise. Make kitchen noise at the menu post a thing of the past.

Durable enough to handle any challenge

Minimize repairs with our most durable headset ever. Feather-touch buttons and no on-off switch provide fewer moving parts and more reliability.

Lighter weight, more comfortable

We've improved comfort for the whole team with less weight, easy adjustments and feather-touch buttons.

A feathery touch at your fingertips

The touch buttons provide haptics feel — a small vibration when touched — to make sure no one misses a beat.

Easier identification, happier team

Communicate the right messages to the right crew member with confidence. Each headset can have its own color ID tag for easy identification by the team.
