PASSIVE HEARING PROTECTORS

PUT PROTECTION FIRST.

In shooting and hunting, proper safety is crucial. But different environments require different types of hearing protection. In order to get the highest level of protection, it's important to consider a number of factors. That's why we've developed a special line of products to accommodate a variety of hearing protection needs. Designed for safety without sacrificing comfort, PeltorTM Sport Passive Hearing Protectors reduce sound levels for reliable passive hearing protection (used when protection is required but you don't need to hear surrounding conversation), and are offered in a wide range of attenuation or noise reduction ratings (NRR). Choose the product that best fits your needs and rest easy knowing you've got the right hearing protection for the situation.

FEATURES AND BENEFITS:

- ▶ Lightweight and comfortable for extended wear
- ▶ Fully adjustable headband ergonomically engineered to reduce pressure points
- ▶ Soft, conformable rings provide a better seal
- ▶ Stylish two-color design
- ▶ Available with Noise Reduction Ratings (NRR) of 24, 27 or 30 dB

PASSIVE HEARING PROTECTORS

CHOOSE THE PRODUCT THAT BEST FITS YOUR NEEDS.
