

## EuroSkills™ 2016 in Göteborg showcases no fewer than 35 vocations

See how 3M enables competitors to get the best out of themselves.

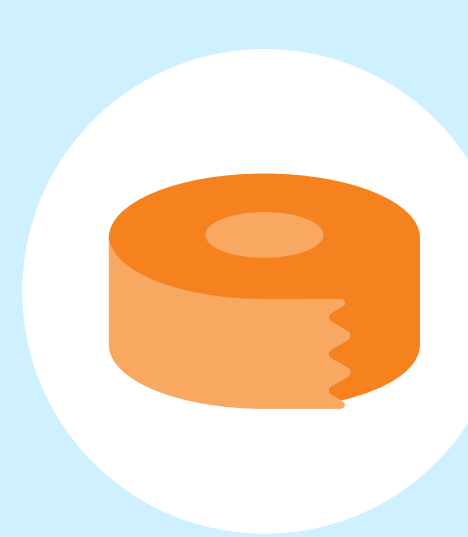

### Graphic Design

A graphic designer creates designs that vary from print to digital

#### Post-it® Notes

Capture and organize ideas and enable you to share them with others

#### Scotch™ Tape

Adheres strongly and easy to tear

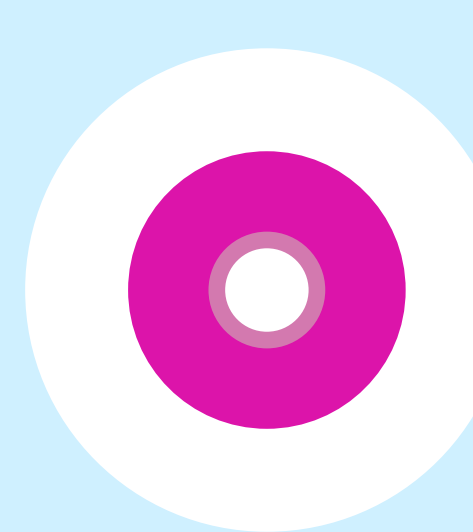

### Welding

A welder prepares and joins a range of metals of various gauges

#### 3M™ Speedglas™ Helmet

Protects against injury, gases, vapours and comes with adjustable arc detection

#### 3M™ Abrasives

Preparing the surface for a uniform finish

### Joinery

A joiner measures, cuts and forms wooden joints

#### 3M™ Peltor™ Hearing Protection

Provides hearing protection coupled with performance and comfort features

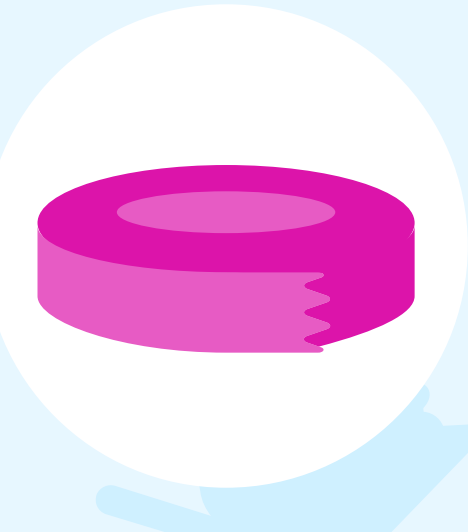

#### 3M™ Reusable Respirator Mask

Protects against particles, gases and vapours, and provides a wide field of view

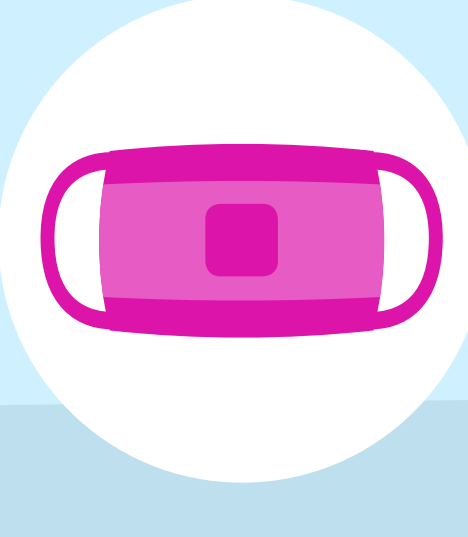

### Painting and decorating

A painter and decorator improves the appearance of a building

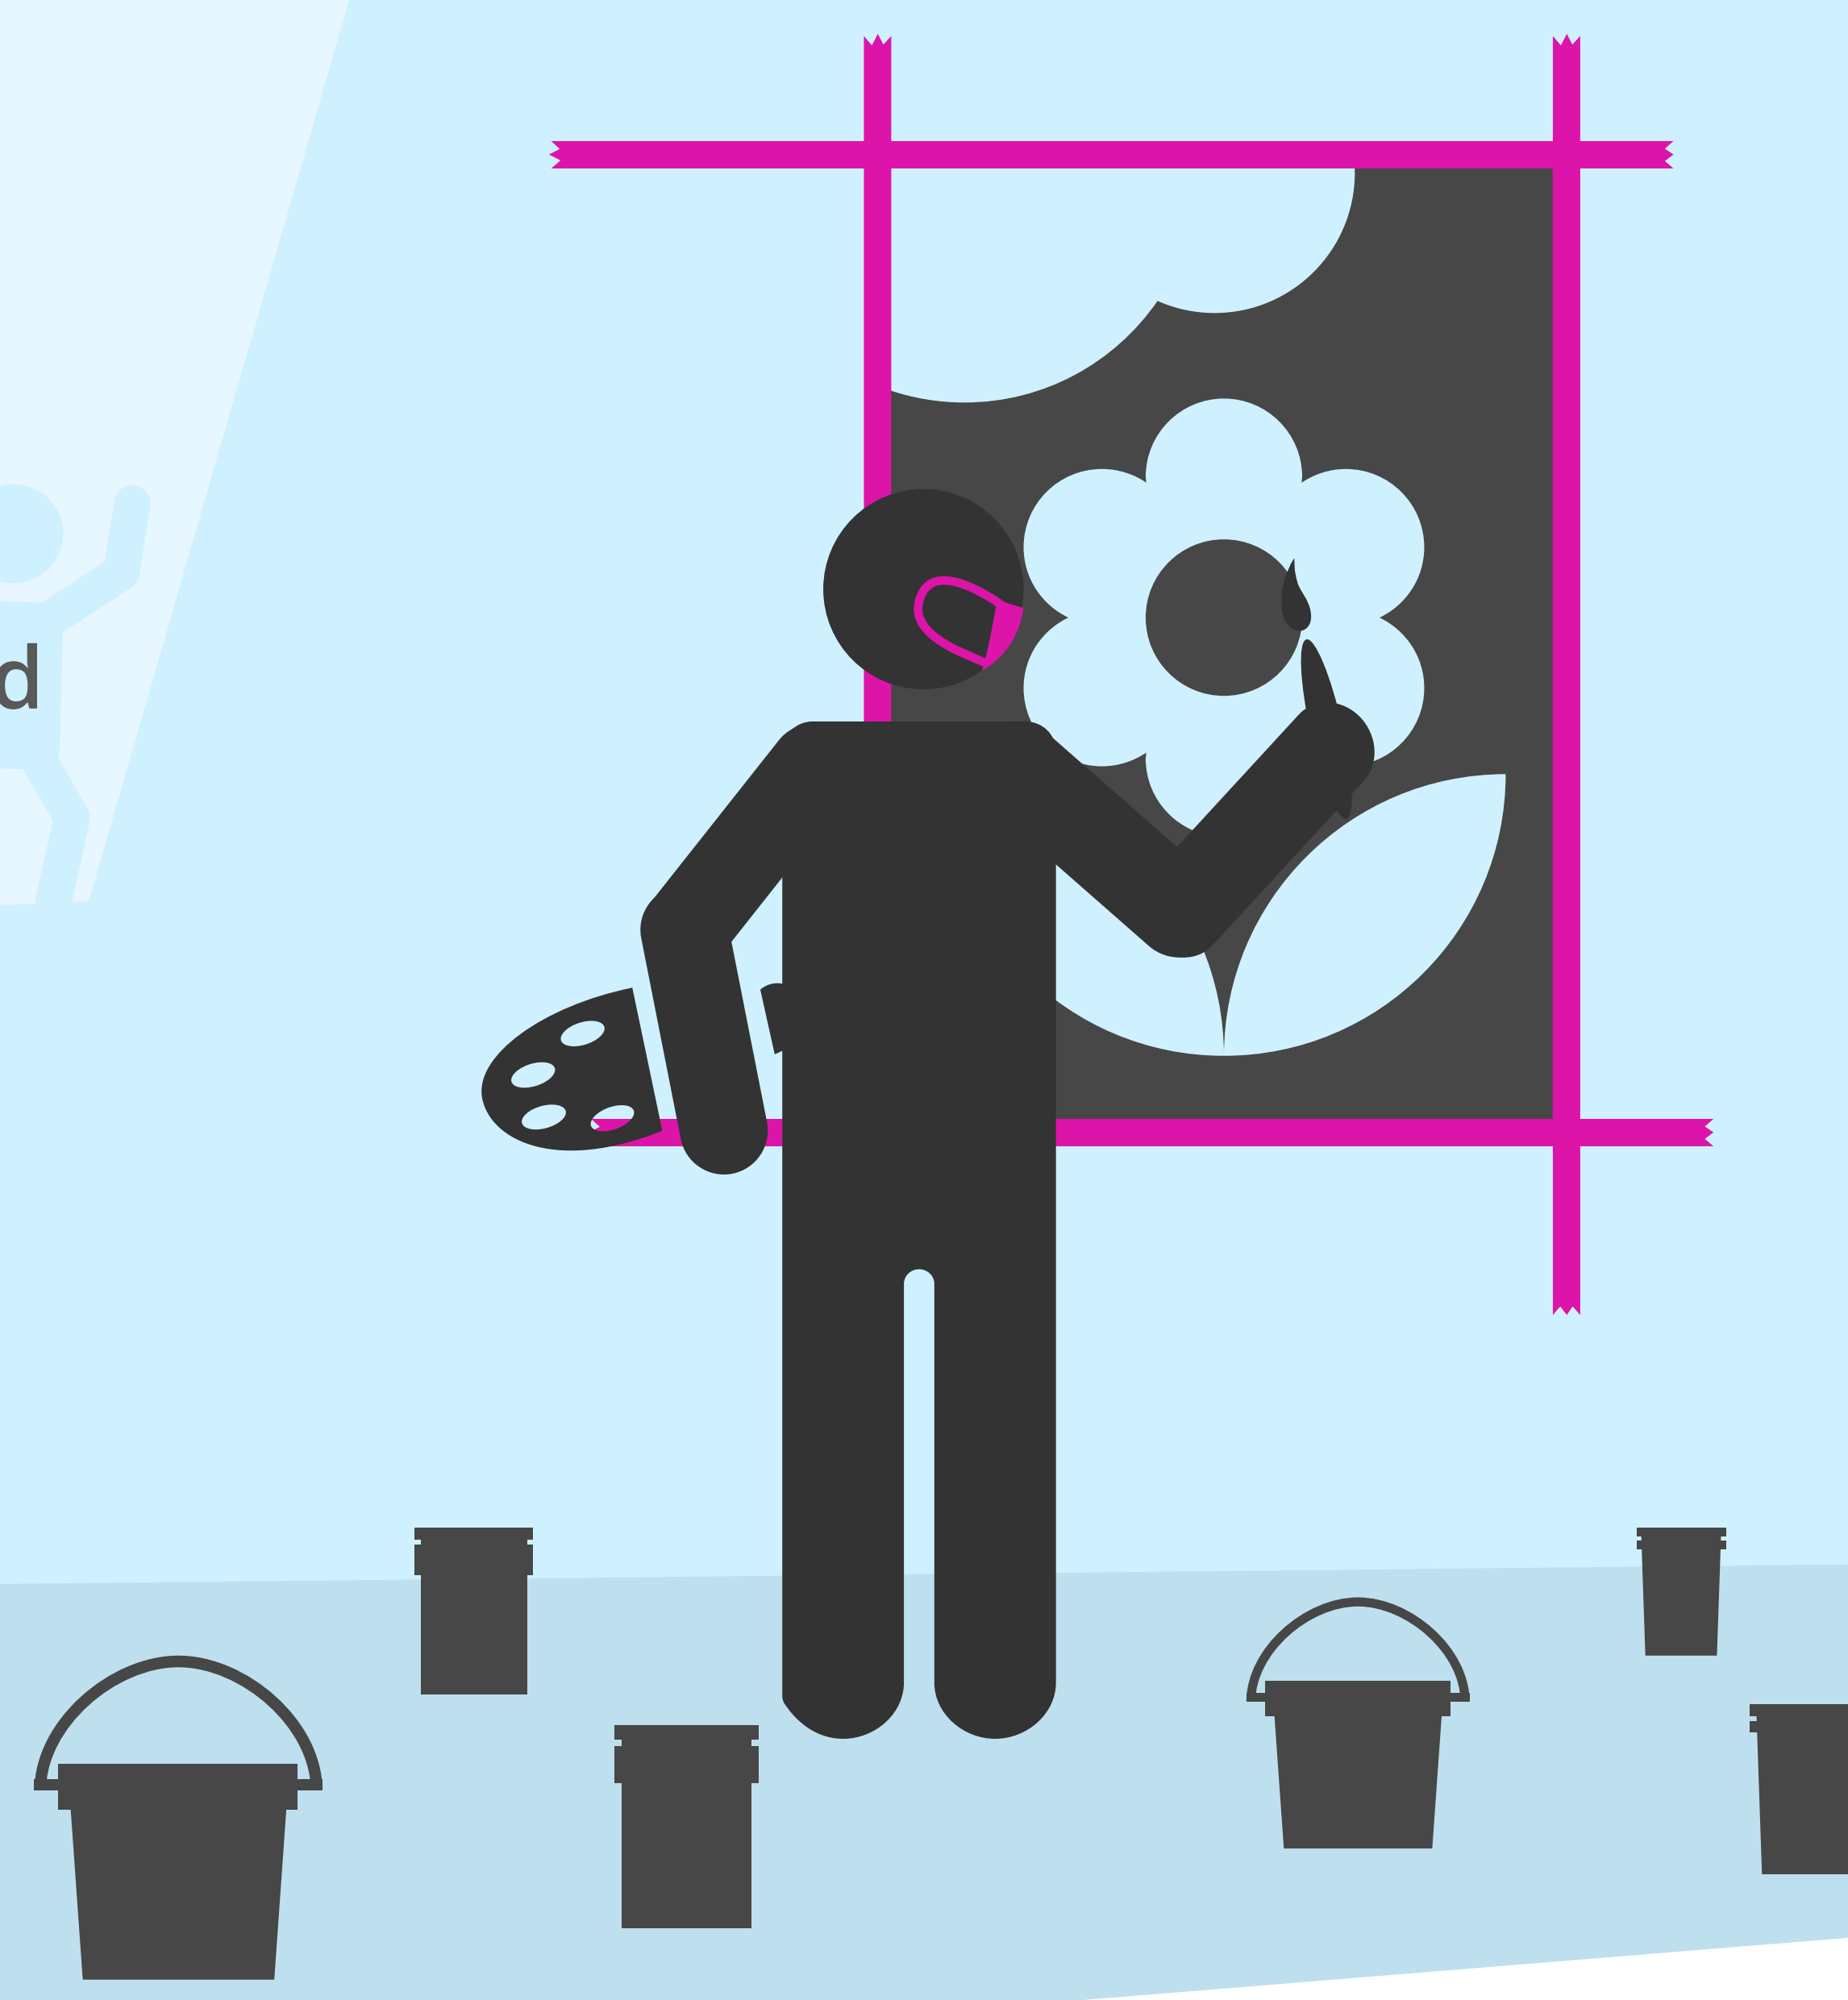

#### 3M™ Masking Tape

Delivers resistance to lifting or curling and dispenses evenly for simple application

#### 3M™ Valved Respirator

Protects against solvent fumes and odours

### Bricklaying

A bricklayer constructs masonry components accurately and neatly according to plans

#### 3M™ Safety Glasses

Have impact resistant lenses and protect eyes against airborne debris

#### 3M™ Corded Foam Earplugs

Protect hearing through reducing noise levels
