1. Log in to the DDX platform with your username and password.

2. Navigate to the DDX store from the drop down in the upper left hand corner and select 3M. Click the “Configure” button.

3. A prompt will open where you can log in using your 3M™ Connection Center credentials.
Questions about the 3M™ True Definition Scanner import functionality should be directed to Henry Schein Dental at 1-877-244-9345 or support@ddxdental.com.
