

# Smooth look. Smooth ride. Confidence.

Innovative bonding solutions for the truck and trailer industry.

## Your challenge is our challenge

 **BD51 SMR**

**26%**

The UK saw a 26% rise in HGV registrations in 2015.

**12%**

The amount of KM covered by HGVs rose by 12% in 2016.

Demands on hauliers are growing exponentially.

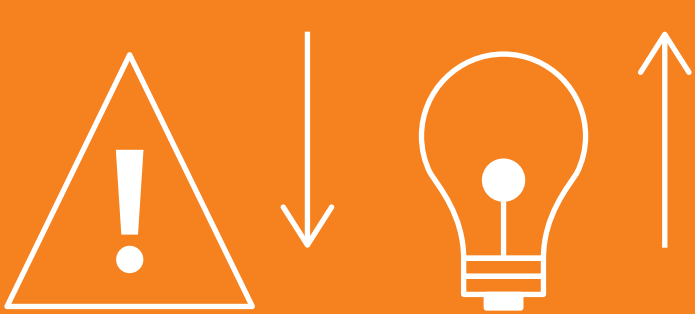

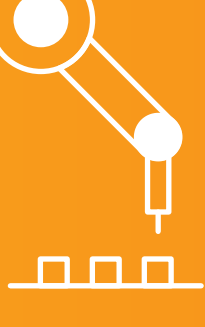

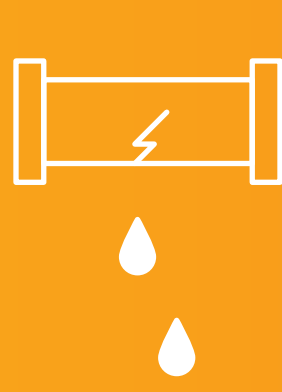

There is a need for quicker maintenance turnarounds, improved productivity and lower costs

**3M is qualified to meet these challenges by offering adhesive and tape solutions that keep you on the road.**

## Fewer problems, more solutions

 Problem	 Solution
<b>Vibration and noise</b> 	 Our 3M™ tapes and adhesives are 41% quieter than mechanically fastened panels.
<b>Time</b> 	 3M™ tapes and adhesives speed up the assembly process, saving time and money.
<b>Water leaks</b> 	 After a 100,000 mile hauling simulation, a 3M™ VHB™ Tape panel construction remained watertight despite being hit with a 3,200 PSI water spray gun.
<b>Cost</b> 	 The price of keeping a 38 tonne truck and trailer on the road per year in the UK is around £11.50 per mile. Our 3M™ tapes and adhesives enable quick repairs, meaning you can get back out on the road sooner rather than later.

***“We don’t have to use rivets now. We don’t have to have any kind of screws anywhere to hold us together. The 3M™ VHB™ Tape does it.”***

Lonnie Troyer,  
ShowHauler Sales Manager.
