Product Change Notice: 3M™ Ribbon Cable Socket, 2mm x 2mm, 158 Series

Dear Valued Customer:

3M is now able to resume manufacturing and supply of **3M™ Ribbon Cable Socket, 2mm x 2mm, 158 Series.**

Due to the unexpected discontinuation of the copper alloy for the 3M™ Ribbon Cable Socket, 2mm x 2mm, 158 Series socket, 3M has qualified a new alloy used to make the IDC contacts for the connector platform. It has been extensively tested and evaluated and 3M is confident that it is form, fit and function the equal of the alloy it replaces. The products affected are covered in tech sheet TS-2358.

If you have any questions, please contact your 3M representative for this product.

Thank you for your understanding and continued partnership with 3M.

Sincerely,

Lindsay Powell
Marketing Manager
