Contingent Workforce Solution (CWS) Programme

Republic of Ireland

June 2018
Introduction

3M recognises the flexibility that can be gained through the engagement of temporary workers and how important they are in maintaining the competitiveness and efficiency of our organisation. Officially known as our ‘contingent workforce’, they cover key roles such as catering and security, (service workers) and independent contractors and agency staff (standard contingent).

This document will detail all the supporting information and documents what Suppliers require to perform their requirements of the CWS programme.

A Contingent Worker is the employee of another organisation or company, such as a temporary employment agency, who is on assignment at 3M. The Supplier is the employer of the Contingent Worker. The 3M Contact is the 3M employee responsible for the Contingent Worker while that Contingent Worker is on assignment at 3M.

3M Pre-Assignment Requirements
3M Pre-Assignment Requirements

Introduction

In order to promote a productive and safe work environment and to comply with various laws and regulations both globally and locally, 3M has established pre-Assignment requirements for all Contingent Workers assigned to work at 3M requiring unescorted access to 3M facilities or access to 3M corporate systems. References to Supplier and Seller and Employment Business have the same meaning.

These requirements are applied where the contingent worker will be physically located. Contingent workers must meet all defined Pre-Assignment Requirements prior to the first day of Assignment. Unless otherwise noted, the Supplier is responsible for ensuring that Contingent Workers meet these requirements and retain support documentation. 3M will periodically request copies of documentation for audit purposes, but unless otherwise noted, Suppliers should not send copies of the documentation to the 3M Requesters (Hiring Managers) or locations.

Please note that there may be additional checks to those already stipulated in an existing Agreement or Contract of Services.

Seller will maintain all records arising out of or relating to Contingent Workers assigned to 3M as follows:

- Seven years after the 3M Assignment ends for the Seller Personnel Agreement
- Six years after the 3M Assignment ends for all other documentation
3M Pre-Assignment Requirements: Global
Global Compliance Requirements

Exhibit 1: Data Privacy Notice & Consent

Prior to transmitting any sensitive personal information to 3M, which must be no later than the start of an Assignment at 3M, Seller will have such Contingent (Temporary) Worker execute the Data Privacy Notice and Consent regarding sensitive personal information transfer and storage in the form attached here, Data Privacy Notice and Consent. Seller will retain and make Notice available to 3M upon request for the duration of such Contingent Worker’s 3M Assignment plus seven (7) years.

Sensitive personal information includes such information as middle name, birth date, birth month. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Has the individual’s signed and dated Data Privacy Notice and Consent been uploaded onto the system?’

Seller will retain the original document and make available to 3M upon request.
Global Compliance Requirements

Seller Personnel Agreement

Contingent workers are required to protect 3M’s confidential and proprietary information and must be subject to an agreement containing confidentiality provisions. The Seller Personnel Agreement is preferred for most contingent workers who are assigned through a Supplier. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Do you hold the individual's original signed and dated Seller Personnel Agreement?’

Seller will retain the original document and make available to 3M upon request.

Given the diversity of agreements that already exist between suppliers, contingent workers, and 3M, it may be possible that the worker's confidentiality agreement obligation is addressed through another agreement already in place with 3M that includes confidentiality obligations. These agreements may include: a supplier agreement, a confidential disclosure agreement, or equivalent. Suppliers assigning contingent workers, and independent workers, are responsible to ensure that an appropriate agreement is in place.

Contact 3M Sourcing Operations for more information.
3M Pre-Assignment Requirements: Local
Local Pre-Assignment Requirements

Verifying Identity
Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you verified the identity of the individual by sight of an original passport or an official EU National Identity Card?’
Seller will retain a copy of the original document and make available to 3M upon request.

Right to Work
Seller is required to verify the eligibility of the Contingent Worker to work in ROI. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you verified the individual’s Right to Work as stipulated by the “The Department of Jobs, Enterprise, and Innovation”.’
Seller will retain a copy of the original document and make available to 3M upon request.

Verifying Residency
Seller is required to verify the residential address of the Contingent Worker. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you verified the residency of the individual by sight of an original utility bill or bank statement?’
Seller will retain a copy of the original document and make available to 3M upon request.
Local Pre-Assignment Requirements

Unspent Criminal Records
This refers to a Contingent Worker’s criminal record that has not yet expired. 3M may still offer the vacancy to the Contingent Worker, unless their unspent criminal record has a specific impact on the position they have applied for. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you asked the individual in writing if they have an unspent criminal record?’
Seller will retain the original document and make available to 3M upon request.

Verification of Driver’s License
Subject only to positions where the successful Contingent Worker must provide evidence of a valid driving license. Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you had sight of the individual's original driver's licence and is it valid for use in the Ireland?’
Seller will retain a copy of the original document and make available to 3M upon request.

Seller will retain a copy of the original documents and make available to 3M upon request.
Local Pre-Assignment Requirements

AWA
Supplier is responsible for identifying if a Contingent Worker is classified as an Agency Worker. If yes, the Contingent Worker is entitled to TAW parity in respect of the basic working and employment conditions provided for in the Protection of Employees (Temporary Agency Work) Act, 2012. Seller must be able to positively answer the following Pre-Assignment Requirement checklist Question: 'Have you notified 3M of the Individual's Worker Type (ie Swedish Derogation/ Permanent Agency Workers who are paid between assignments; Agency Worker; Independent Contractor or Managed Service Worker)?

Integrity Assessment
In line with the Prevention of Corruption Acts 1889 2010, 3M have an obligation to show that as an organisation we are satisfied that all new suppliers, sales channels, agents, representatives, consultants and other relevant business partners (“Representatives”) will achieve and maintain equivalent standards of legal compliance and integrity and themselves take adequate measures to prevent bribery and corruption whenever and wherever they operate on 3M’s behalf.
Seller should be aware that for Contingent Workers in considered for a vacancy equivalent to Job Grade 13+, 3M shall perform an Integrity Assessment

Medical Reference
Seller must be able to positively answer the following Pre-Assignment Requirement checklist question: ‘Have you asked the individual in writing the following question: 'In relation to disability or ill health, are there any reasonable adjustments you would like us to consider regarding your assignment at 3M?’ and have you advised 3M of the individual’s response in writing?’
Seller will retain the original document and make available to 3M upon request.
Local Pre-Assignment Requirements

Occupational Health
Occupational Health

3M have introduced a process designed to provide candidates with a broader understanding of the Occupational Health requirements of the role they are applying for. This process will also ensure that 3M are compliant with current legislation and that the Health & Safety responsibilities are met.

There will be a requirement, by each 3M Hiring Manager, to complete a Work Factors form whenever a new contingent position is requested/raised. This form details the OH requirements of the position and will be attached to Beeline with the job description - see the example below.

**Link to Work Factors form**

The detail regarding the requirements of the position should be shared with any potential candidates in case there is anything within the day to day duties of the role that they, the candidate, may find difficulty with. For example - below is an example of a form that may highlight issues, in role responsibilities, for a potential candidate who has re-occurring back problems;

The process, for you as a Supplier, will start at offer stage for your candidate. When you have been informed by the CWS Team that your candidate has been successful and an offer is made, you will, in the first instance be required to:

**Step 1:** Provide the successful candidate with the Capability Questionnaire (click link below to view example) for them to complete. If all answers are 'NO' move to the next step. If any answers are 'YES' please see **Step 1A.**

[Capability Questionnaire](#)

**Step 1A:** Candidate has answered 'YES' to one or more of the questions on the Capability Questionnaire - Please inform the CWS Team who will inform the 3M Hiring Manager and provide your, the Supplier, contact details. 3M will then work with you to resolve the issue - for example - change of duties within the current role, alterations to any equipment to enable the worker to successfully commence their assignment.

During this period there may be a requirement for 3M Occupational Health to speak directly with your candidate.

Once alterations have been agreed you can then move to **Step 2** to enable the CWS Team to 'on-board' the candidate.

*Please note that the Capability Questionnaire does not need to be shared with the CWS Team*
Occupational Health cont.

**Step 2:** 'Tick/check' the highlighted question below - Has the Contingent Worker answered 'No' to all the questions on the Capability Questionnaire or have reasonable adjustments been made?' - Process ends.
