

Scotch® Multipack Tape secures the bundle yet removes cleanly without damaging the primary packaging.

Printed Multipack Tape covers original UPCs for accurate checkout.

Eliminates a bag and a closure.

The Multipack Solution

The Multipack Solution is a tape-based, multi-unit packaging solution that replaces bags and closures.

The combination of the Scotch® Clean Removal Multipack Tape and high-speed, energy efficient Multipack Machinery increase productivity, improve the design of your packaging and reduce material and energy consumption.

Increased Productivity

- Reduced costs
- Increased throughput – up to 60 multipacks/minute

High Quality Print

- Clean removal adhesive does not damage packaging
- Custom printed messaging

Less Material

- Up to 50% less packaging by weight*

* Compared to shrink wrap. Does not include full LCA comparison.
