

Fall Protection

# World-class fall protection demonstrations - keeping workers safe every day.

Spreading knowledge of safer working at height around the world.

# Our fully equipped demo vans give your workforce highly effective on-site fall protection demos.

**NEW!** We've now equipped our demo vans with the latest Virtual Reality technology, so staff can experience fall from height scenarios.

The ideal way to train your workforce in a safe and controlled environment.

Demos topics include:

- [Drop tests](#) – shows the forces workers experience during a fall from height
- [Equipment inspections](#)
- [Rescue](#) – practical demos available in a range of working environments
- [Confined space](#) – practical demos that show the correct use of tripods and the different applications of a winch
- [Fall Protection for Tools](#) – demos of products designed to prevent the dropping of tools – NEW!
- [Understanding lifelines](#)
- [Basic working at height guidelines](#)
