

3M™ Aqua-Pure™ Water Filter for Existing Mixer Tap

Model: AP9100+

3M Aqua-Pure AP9100+ Water Filter System reduces sediment*, chlorine, taste & odour, bacteria* and protects from protozoan cysts, cryptosporidium & giardia down to 0.2 micron at maximum flow rates up to 5.7 lpm.

Easy installation, no drilling required and fits neatly under the sink cupboard. The sanitary quick change cartridges ensures an easier, cleaner and virtually spill free change out.

3M Aqua-Pure AP9100+ Water Filter System is Watermark certified to Australian standards for your peace of mind and protection.

Specifications

Micron Rating	0.2 micron nominal
Operating Temperature	4.4–37.8°C
Operating Pressure	172–862 kPa
Capacity^	11,356 litres
Flow rate	5.7 lpm
Size (h) x (w)	390 × 110mm
Approx. mounting space required (h) x (w)	Vertical: 435 × 280mm

Performance

AP9100+	Sediment*, Chlorine, Taste/Odour and Bacteria* reduction. Protection from Protozoan Cysts, Cryptosporidium & Giardia.
---------	--

*Tested in accordance to manufacturer's internal laboratory standard.

^ Stated capacity is based on Chlorine removal capacity. Life of cartridge is also dependent on sediment loading of incoming water supply.

CAUTION: Do not use with water that is microbiologically unsafe or with water of unknown quality without adequate disinfection before or after the system. Systems certified for cyst reduction may be used on disinfected water that may contain filterable cysts.

WARNING: For correct operation of this appliance it is essential to observe the manufacturer's instructions. The disposable filter cartridge must be replaced every 12 months, or at the rated capacity, or if a noticeable reduction in flow rate occurs.

IMPORTANT NOTICE: The information described in this literature is accurate to the best of our knowledge. A variety of factors, however, can affect the performance of the Product(s) in a particular application, some of which are uniquely within your knowledge and control. INFORMATION IS SUPPLIED UPON THE CONDITION THAT THE PERSONS RECEIVING THE SAME WILL MAKE THEIR OWN DETERMINATION AS TO ITS SUITABILITY FOR THEIR USE. It is your responsibility to determine if additional testing or information is required and if this product is fit for a particular purpose and suitable in your specific application.
