

**CUBITRON™ II**

**Cloth Belt 981F**

# Outcut. Outperform. Outproduce.

**Get a tough, versatile belt at a value price – for aluminum, brass, bronze, carbon steel, mild steel, and more.**

Whether you're working with soft or hard metals, belt loading and change-outs can cut into productivity. And your operation can't afford to have work grind to a halt. The value-priced 3M™ Cubitron™ II Cloth Belt 981F is designed to help keep productivity on track and boost your bottom line.

# Increase productivity, reduce costs: a better bottom line.

Deliver more, for less: The value-priced 3M™ Cubitron™ II Cloth Belt 981F is designed to cut fast on a range of metals, including soft substrates, and hold up to tough grinding. The built-in dry lubricant coating not only helps minimize the need to apply a stick lubricant – it also helps the belt cut better and last longer, with less loading. Fast cut, long life, and a value price – now that’s a combination your bottom line will appreciate.

## Applications:

- ▶ Gate grinding
- ▶ Flash removal
- ▶ Deburring
- ▶ Finishing

## Designed to maximize productivity:

- ▶ Developed specifically for grinding on aluminum, brass and bronze in addition to carbon steel and mild steel
- ▶ Proprietary resin system improves adhesion and helps reduce shelling
- ▶ 3M Precision-Shaped Grain cuts cooler, faster and lasts longer on a range of metals compared to conventional abrasives
- ▶ Built-in dry lubricant helps improve belt life, reduce loading when grinding on soft substrates, and minimize the need for stick lubricant
- ▶ Tough Y-weight polyester cloth backing stands up to the stress of aggressive grinding and finishing
- ▶ Excellent alternative to aluminum oxide and aluminum zirconia belts
